

Affirmation of Consultation With Private School Officials

May 22, 2008

Section 1120(b) of the No Child Left Behind Act and §200.63 of the Title I regulations require that timely and meaningful consultation occur between the local education agency (LEA) and private school officials prior to any decision that affects the opportunities of eligible private school children, teachers, and other educational personnel to participate in programs under this act, and shall continue throughout the implementation and assessment of activities under this section.

The following topics were discussed during the ongoing consultation process:

- How the LEA will identify the needs of eligible private school children.
- What services the LEA will offer to eligible private school children.
- How, and when the LEA will make decisions about the delivery of services.
- How, where and by whom the LEA will provide services to eligible private school children, including a thorough consideration and analysis of the views of the private school officials on the provision of services through a contract with a third-party provider.
- How the LEA will assess academically the services to eligible private school children in accordance with §200.10 and how the LEA will use the results of that assessment to improve Title I services.
- The size and scope of the equitable services that the LEA will provide to eligible private school children and, consistent with §200.64, the proportion of funds that will be allocated to provide these services.
- The method or sources of data that the LEA will use under §200.78 to determine the number of private school children from low income families residing in participating public school attendance areas, including whether the LEA will extrapolate data, if a survey is used.
- The equitable services the LEA will provide to teachers and families of participating private school children.
- If the LEA disagrees with the views of the private school officials on the provisions of services through a contract, the LEA must provide the private schools the reasons in writing why the LEA chooses not to use a contractor.
- See the complaint process on back of page.

We agree that timely and meaningful consultation occurred before the LEA made any decision that affected the participation of eligible private school children in the Title I, Part A, Part D; Title II, Part A, Part D; Title IV; Title VI; and ESE.
