As used in these rules, the term “rule” and “policy” shall have the same definition.

These rules may be amended, repealed, or a new rule adopted as hereinafter prescribed. The term “rule” is defined in Florida Statutes; it does not include “curricula by an educational unit”, thereby, removing the development or prescription of curriculum by a School Board from the procedural requirements established for rule making.

I. Unless an emergency exists, any proposal relating to a rule amendment, the repeal of any rule, or the adoption of a new rule shall be presented in writing to the School Board including a written explanation of the proposal.

A. The Superintendent shall give immediate and proper written notice to the public pursuant to the provisions of Florida Statutes, when the School Board has determined that it will give due consideration to the proposal for adoption, amendment, or repeal of a rule. The notice of a public hearing shall be advertised twenty-one (21) days prior to the date of the hearing. The notice shall include a brief and concise explanation of the proposed rule’s purpose and effect, the estimate of economic impact to all individuals affected by the proposed rule or rule amendment, the specific legal authority for the School Board’s action, and the location where the text of the proposed change may be obtained.

B. Any person, who is substantially affected by a proposed rule, rule amendment, or the repeal of a rule, may within twenty-one (21) days following notice of intent to adopt or repeal such rule, file a written request with the School Board seeking an administrative determination as to the validity of the proposed rule action.

C. The Superintendent shall file immediately in his/her office a copy of any new rule, rule amendment, or repeal of rule adopted by the School Board; policy handbooks shall be amended accordingly.

D. Such rules shall become effective upon adoption by the School Board unless a time certain date is specified therein.

II. Any person substantially affected by an existing School Board rule may petition the Division of Administrative Hearings, Florida Department of Administration, to conduct a hearing on the rule validity pursuant to Florida Statutes. Any hearing examiner’s decision which is adverse to the School Board may, upon the School Board's determination, be reviewed by the appropriate judicial authority.

HOLMES COUNTY SCHOOL BOARD POLICIES
Board’s appeal, be judicially reviewed. Any hearing examiner’s decision which is adverse to the person substantially affected may, upon that person’s appeal, be judicially reviewed.

III. The School Board may determine that the public health, safety, or welfare is endangered and that immediate action is required to protect the public interest. When this occurs, the School Board, at any meeting in which a quorum is present, may adopt emergency rules, without complying with the waiting period as provided in subsection (1) herein for public hearings and other similar requirements. The Superintendent shall properly record the effective date for any such emergency rule. Any emergency rule shall not be valid in excess of ninety (90) days from the adoption or effective date.

IV. Any School Board employee, citizen, or agency may obtain information relating to the method for proposing a rule or may submit a rule proposal to the Superintendent’s office.

V. A copy of the compiled rules shall be available for inspection in the Superintendent’s office, the principal’s office, and in the library of any school.

VI. Copies of the School Board rules shall be assigned to various positions within the District as determined by the Superintendent.

A. A copy of any rule change shall be made available by the Superintendent to each holder of the compilation who shall be responsible for entering all changes immediately upon receipt.

C. The principal shall inform his/her staff members of the location of the School Board rules and any changes.

VII. A School Board rule may be waived only to provide and implement overall goals and objectives of the School Board and to protect and preserve the health, safety, and welfare of the affected individual(s). Waiver of a School Board rule shall be addressed and a decision rendered regarding its waiver at a regular, special or emergency School Board meeting. A waiver of a School Board rule shall not render the policy void with respect to the continued implementation of the rule which is sought to be waived.
VIII. Any citizen may appeal to the Board for a variation or waiver with regard to any policy. The appeal process shall be that a written request shall be made to the Superintendent who shall review the matter and present recommendations to resolve the problem at the next regular School Board meeting to which the item may be added as a part of the agenda. In cases where an appeal process has been developed for a specific policy, the appeal shall be made in accordance with that procedure.

IX. All administrative, instructional and non-instructional employees shall become familiar with the School Board rules and such other policies, regulations, memoranda, bulletins, and handbooks pertaining to their specific duties in the District.

X. Any person employed by the School Board who willfully violates any School Board rule shall be subject to dismissal or such lesser penalty as the School Board may prescribe.

Upon completing a review of all evidence relevant to the complaint, the investigator shall prepare a written summary of the investigation, and make a recommendation to the District EEO Officer as to whether there is reasonable cause to believe a violation of the District’s antidiscrimination policy has occurred. Copies of documents, evidence and witness statements which were considered in the investigation must be sent to the EEO officer along with the summary and recommendation.

If the complaint is against the EEO officer, the School Board Attorney shall appoint an investigator, who shall conduct an investigation in the manner set forth in section VI.B.1.a.

The EEO Officer or School Board Attorney shall then forward the investigatory file, reasonable cause determination, and all related documents and evidence, to the Superintendent.

If review by the Superintendent is not timely requested, the EEO Officer or School Board Attorney’s determination of no reasonable cause shall be final.

The accused may request, within ten (10) days of receipt of a notice of a finding of reasonable cause, that the determination be reviewed by the Superintendent. After providing the opportunity for an informal hearing as referenced in section VI.B.1.h., the Superintendent shall evaluate all the evidence, the investigation summary, recommendations and findings, along with any input by the accused and complainant, and make a final determination as to whether there is reasonable cause to support the complainant’s allegations. He or she shall then determine any necessary disciplinary, remedial, or other action. Notice of the final disposition of the complaint and any disciplinary and/or remedial action shall within ten (10) days of the informal hearing be forwarded to the accused and the complainant, and a copy of the notice will be filed with and maintained in the office of the District EEO Officer and the Personnel Director.

Complaints against School Board Members or against the Superintendent

Complaints against School Board Members or the Superintendent shall be filed with the School Board Attorney. The School Board Attorney will within twenty (20) days

The complainant and accused shall be interviewed by the outside investigator. Both shall provide written lists of witnesses to be interviewed, and documents or other evidence to be reviewed as relevant to the complaint. The Governor’s office will be responsible for taking any necessary action in accordance with applicable law with reference to an elected official. The School Board shall receive and make the final determination if the Superintendent is appointed by the Board.

A finding of no reasonable cause by the outside investigator, which is reviewed and confirmed by the School Board Attorney shall be final. In compliance with Florida Statute, the investigation file shall become public record and the Superintendent or School Board Member shall answer to their constituency.

REPORTING CHILD ABUSE

I. Definitions of Child Abuse, Abandonment or Neglect

*Abuse* means any willful or threatened act that results in any physical, mental or sexual injury or harm that causes, or is likely to cause the child’s physical, mental, or emotional health to be significantly impaired. Abuse of a child includes acts or omissions. Corporal discipline of a child by a parent or legal custodian for disciplinary purposes does not in itself constitute abuse when it does not result in harm to the child.

*Abandonment* means a situation in which the parent or legal custodian of a child, or in absence of the parent or legal custodian, the caregiver responsible for the child’s welfare, while being able, makes no provision for the child’s support and makes no effort to communicate with the child, which situation is sufficient to evince a willful rejection of parental obligations.

*Neglect* occurs when a child is deprived of or is allowed to be deprived of, necessary food, clothing, shelter or medical treatment or a child is permitted to live in an environment when such deprivation or environment causes the child’s physical, mental, or emotional health to be significantly impaired. The foregoing circumstances shall not be considered neglect if caused primarily by financial inability, unless actual services for relief have been offered and rejected. A parent or legal custodian legitimately practicing religious beliefs in accordance with a recognized church or religious organization who thereby does not provide specific medical treatment for a child shall not, for that reason alone, be considered a negligent parent or legal custodian.

Prohibition Against Child Abuse, Abandonment or Neglect

The School Board strongly prohibits any action or omission constituting child abuse, neglect, or abandonment by any of its employees, agents, volunteers, or by other persons affiliated in any way with the School District. Further, all employees, agents, and volunteers of the School District must comply with Florida law requiring reporting of child abuse, neglect, or abandonment.

Notification of Responsibility

A notice providing the following information shall be posted in a prominent place in each school:
A. All employees of the District have the responsibility to report all actual and suspected cases of child abuse, abandonment or neglect; immunity from liability if they report such cases in good faith; and the responsibility to comply with child protective investigations and all other provisions of law related to child abuse, abandonment or neglect.

B. Statewide toll-free telephone number for the central abuse hotline.

Requirements for Reporting Child Abuse, Abandonment or Neglect

Florida Statute requires that any person including, but not limited to, any

Physician, osteopathic physician, medical examiner, chiropractic physician, nurse, or hospital personnel engaged in the admission, examination, care or treatment of persons;

Health or mental health professional other than one listed in 1;

Practitioner who relies solely on spiritual means for healing;

School teacher or other school official or personnel;

Social worker, day care center worker, or other professional child care, foster care, residential, or institutional worker; or

Law enforcement officer or judge who knows, or has reasonable cause to suspect, that a child is abused, abandoned, or neglected by a parent, legal custodian, caregiver, or other person responsible for the child’s welfare, shall report such knowledge or suspicion to the Department of Children and Family Services.

Each report of known or suspected child abuse, abandonment, or neglect shall be made immediately to the Department of Children and Family Service’s abuse hotline, on the single statewide toll-free telephone number. The teacher or staff member may also contact the principal, a school designee, district office or support person to let them know the case has been reported, and for their own documentation and protection file a District County Schools Child Abuse Incident Referral Report.
Reporters in the categories specified in A. above, will be required to provide their names to hotline staff. The extent of confidentiality of the reporter’s name, with respect to the Department’s records, is governed by Florida Statute.

In accordance with state law, the Department of Children and Family Services, in conjunction with applicable law enforcement agencies, are responsible for investigating allegations of child abuse, abandonment, or neglect.

Complaint Against School District Employee, Volunteer or Agent - If a complaint is made against a School District employee, volunteer, agent or other person affiliated with the School District which, if true, would constitute child abuse, neglect or abandonment by that person, that complaint shall be immediately forwarded to the Superintendent. The Superintendent shall forward the complaint to the Department of Children and Family Services for investigation as provided by statute. The person accused of child abuse, abandonment or neglect may be suspended or reassigned from duties involving interaction with children pending investigation of the allegations. If the allegations are substantiated by the Department of Children and Family Services, the Superintendent shall take appropriate disciplinary action. School District staff shall in good faith cooperate with, and participate only as directed by, the Department of Children and Family Services and law enforcement during the investigation, and with respect to any subsequent criminal proceedings.

When a report of child abuse, neglect or abandonment has been made to the Department of Children and Family Services or law enforcement agencies, a teacher, staff member, volunteer or agent should not take it upon himself/herself to interview the child, talk with the suspected abuser, discuss the allegations with other potential witnesses or otherwise investigate the case. Nor should a teacher, staff member, volunteer or agent divulge information relating to the complaint to persons other than school officials, the Child Protection Team, the Department of Children and Family Services, law enforcement, the State Attorney or other court designee. If a parent, caregiver, or legal guardian desires information related to a complaint of child abuse, that person should be directed to contact the Department of Children and Family Services and/or the applicable local law enforcement agency.
Florida Statute provides that a person required by state law to report child abuse, abandonment, or neglect, but who willingly and knowingly fails to do so, or prevents another from doing so, is guilty of a first degree misdemeanor. Likewise, knowingly and willingly filing a false report of child abuse, neglect, or abandonment or advising another to do so constitutes a third degree misdemeanor.

Child Abuse Prevention Training for School District employees, staff, volunteers shall be provided in compliance with and as specified in Florida Statute.

Preamble

Holmes County School District recognizes that good nutrition and regular physical activity affect the health and well-being of all students. Furthermore, research suggests that there is a positive correlation between a student's health and well-being and his/her ability to learn. Moreover, schools can play an important role in the developmental process by which students establish their health and nutrition habits by providing nutritious meals and snacks through the schools' meal programs, supporting the development of good eating habits and promoting increased physical activity both in and out of school. Holmes County School District is committed to creating school environments that promote and protect the overall well-being of all students and staff. The guidelines listed below encourage a comprehensive wellness approach that is sensitive to both individual and community needs.

INSTRUCTIONAL MATERIALS SELECTION

The School Board shall be legally responsible for the instructional materials used in the operation of district schools. Responsibility for the selection and management of the materials is that of the principal of the school. The principal is also responsible for assuring that instructional materials are used to provide instruction to students enrolled at the grade level or levels for which the materials are designed and for effectively communicating to parents, as defined by Florida Statutes, the manner in which instructional materials are used to implement the curricular objectives of the school.

I. The following standards will be used to determine the propriety of instructional materials for selection:

A. The age of the children who normally could be expected to have access to the material,

B. The educational purpose to be served by the material, with priority being given to the selection of materials that encompass state and District performance standards,

C. The consideration of the racial, ethnic, socioeconomic, and cultural diversity of the district,

D. The degree to which the material would be supplemented and explained as part of normal classroom instruction.

Consideration should be given to recommendations made by district committees who have reviewed the available materials in a subject area. No books or other material containing hardcore pornography or other prohibited material by Florida Statute shall be used.

II. No school may participate in a pilot program of materials being considered for adoption by the state during the eighteen (18) months prior to the official adoption of the materials by the Commissioner of Education. The principal may not delay the transfer of a pupil’s permanent record or delay the awarding of grades due to failure of payment of assessment on lost, destroyed, or damaged materials.

VI. The principal, when requested by the parent of a pupil in the school, shall sell to the parent any instructional materials used in the school. The costs of the materials to the parents would be prorated based on the original purchase price, number of years of adoption, and number of years used.

The student will be placed on a waiting list in case a position opens within the first ten (10) days of the school year.

I. Positions at a school that were assigned to a student under Controlled Open Enrollment will be monitored at the beginning of the school year. Students who have accepted assignments but who are not in attendance by the tenth (10th) day of school will have their assignments revoked. A revoked choice assignment may then be assigned to the next student on the waiting list.

V. Charter Schools

In addition to choice within schools operated by the Board, parents may elect for students to attend charter schools that have been approved by the Board. (See Policy 3.90 - Charter Schools). Each charter school is operated and governed by its own independent board. Parents who elect this option need to communicate directly with the charter school to resolve questions and concerns.

VI. McKay Scholarships

Students with disabilities may be granted choice assignments to schools other than the school to which they are zoned under the provisions of the McKay Scholarship Program (F.S. 1002.39).

VII. Home School

Parents may elect to home school students in accordance with State law. See Policy 4.70 - Home Education Programs.

VIII. Virtual School

Parents may elect to register their students in a virtual education program. See Policy 4.75 - Virtual Instruction.
IX. Dual Enrollment

See Policy 5.202 - Postsecondary Enrollment Programs.

X. Revocation of Choice Assignment

If a student is granted a choice assignment and displays issues with attendance, grades, or disciplinary actions the principal may make the decision to have the student returned to their zoned school. Prior to revoking a school choice variance the school will document a minimum of three (3) good faith efforts to provide interventions and enlist parental/guardian support for the identified areas of concern. If a student is being returned to their zoned school due to a revocation, communication should occur between the schools to establish supports for the student. Revocation of a choice assignment within ten (10) school days of the end of a nine (9) weeks or semester grading period will be effective the first day of the following grading period. No requests for revocation will be considered during the final twenty (20) days of the school year.

XI. Zoning Exceptions

Students may attend a school other than their zoned school if they have been granted a zoning exception in accordance with this policy. Zoning exceptions are not to be used as a substitute for school choice. Zoning exceptions may be granted for the following reasons:

A. Parents employed by the Board: Students are allowed to attend the school of parent’s choice if the parent is a full time employee with ______ County Schools who resides in ______ County. A choice form must be completed and approved prior to the transfer. Students may ride the bus from the nearest existing stop servicing the requested school.

B. Exceptional Student Education (ESE) Transfers: Students who transfer into the District from another school district must have an IEP meeting to review their current IEP after obtaining approval or upon verification as a new resident. Some ESE programs do not allow for choice because they serve the specific needs of a student with a disability at a cluster site. Siblings of ESE students being served in a cluster site program may attend school with the ESE siblings. Parents must complete the request form prior to sibling transfer. Transportation may not be provided for the non-ESE siblings. Time Frame: ESE service requirements.

C. Hardship Placement:
1. medical/psychological need
2. police/DCF request
3. victim of a violent crime

D. Transfers are allowed for a student whose parents have begun actual construction on a home in the receiving school zone, if the student shall permanently move into the home by the end of the semester in which the transfer is to take place. Time Frame: One Semester.

E. Students who move to another school zone within ______ County before the end of the first semester of the school year are to enroll in their zoned school or may request choice. Students who move following the end of the first semester are permitted to complete the academic year at the school in which the students were legally enrolled prior to the change of address.

F. Out of district transfers, including students of ______ County School employees will be approved on a case-by-case basis if space is available. An application must be submitted to both the home school district and to ______ County Schools. The parent must show verification of release from the home school district prior to being approved and enrolling in ______ County Schools.

USE OF REASONABLE FORCE

School discipline requires the guidance of students in a way which permits the orderly and efficient operation of the school. The BOARD recognizes that it may be necessary for school personnel to use reasonable and appropriate physical force.

PROCEDURE

Use of Physical Force

I. Reasonable Use of Force:

A. Reasonable physical force may be used by school personnel when necessary to restrain, remove, or disarm students who present a threat of harm to themselves or others, property damage or theft, or who disrupt school activities.

B. Physical force is necessary only when other means of restraint, removal, or disarmament would be ineffective or only after such other means have been attempted and have been ineffective.

C. In determining whether the use of physical force is reasonable and necessary, all circumstances surrounding the incident shall be considered, including without limitation, the seriousness of the problem and the threat posed by the student, and the availability and use of other means of restraint, removal, or disarmament not involving the use of physical force.

D. Examples of force that could be reasonable and necessary include, but are not limited to, the following:

1. Using reasonable and necessary force to quell a disturbance or prevent an act that threatens physical injury to any person;

2. Using reasonable and necessary force to obtain possession of a weapon or other dangerous object within a student’s control;

3. Using reasonable and necessary force for the purpose of self defense or the defense of others;

4. Using reasonable and necessary force for the protection of property;

5. Using reasonable and necessary force to remove a disruptive student from the school premises, motor vehicle, or from school...

sponsored activities.

6. Using reasonable and necessary force to prevent a student from inflicting harm on himself or herself;

7. Using reasonable and necessary force to protect the safety of others;

8. Using incidental, minor, or reasonable physical contact designed to maintain order and control;

9. Using reasonable physical activities associated with athletics.

E. When physical force is no longer necessary, it shall be discontinued. Action taken after the fact may be conference, referral, suspension, court action or expulsion.

II. Unreasonable Use of Physical Force Prohibited:

A. The unreasonable use of physical force occurs as a result of using physical force (1) when it is not necessary to use such physical force, or (2) when it is no longer necessary to use such physical force.

B. Unreasonable use of physical force is prohibited.

C. Examples of unreasonable use of physical force are as follows:

1. Slapping;

2. Punching;

3. Kicking;

4. Prolonged maintenance of physically painful position.

Note: The use of reasonable bodily restraint on a student is generally regarded as a more appropriate option than striking a student. However, courts have recognized that,
in stressful circumstances, a person of ordinary prudence may act with less detachment and control than he or she might under normal circumstances.

III. Reporting:

School personnel who use physical force against a student shall report each incident to the principal, who shall report such incidents to the Superintendent.

COOPERATION WITH THE LAW ENFORCEMENT AGENCIES  5.302

A cooperative effort shall be maintained between the officials of the school district and Department of Children and Families/law enforcement agencies. It is paramount that the rights of the school, the home, the civil authorities and of the individual be clearly understood and protected.

COOPERATION WITH THE FLORIDA DEPARTMENT OF CHILDREN AND FAMILIES/LAW ENFORCEMENT AGENCIES

I. Officers’ Involvement with Students

When students become involved with law enforcement officers, the officer is to be requested to confer with the student at a time when the student is not under the jurisdiction of the school, if this can be arranged. However, when this is impractical, the officer may confer with a student during school hours provided the following conditions are met:

A. The officer properly identifies himself/herself.

B. Permission from a school official is given.

C. Student(s) are removed from the classroom by school personnel only in order to guard against other students knowing about the matter.

II. Law Enforcement Officer’s Rights with Regard to Students:

A. Right to interrogate Students within the School

A spirit of cooperation should be extended to any bona fide police or law enforcement official who comes to a school seeking to interrogate students.

Students should be questioned only in a private room or office. Care should be taken to prevent other students from being aware of the interrogation.
CHAPTER 5.00 - STUDENTS

Law enforcement may allow a school staff member who is known by the child to be present during the initial interview if

The law enforcement agency believes that the school staff member could enhance the success of the interview by his/her presence; and

The child requests or consents to the presence of the school staff member at the interview.

B. Right to take a Student from the School

A child alleged to be dependent, may be taken into custody pursuant to Chapter 39.401 of Florida Statutes and the Rules of this policy by an authorized agent of the Florida Department of Children and Families or by a Law Enforcement Officer, if the officer or agent has reasonable grounds to believe that the child has been abandoned, abused or neglected, is suffering from illness or injury, or is in an immediate danger from his/her surroundings and that his/her removal is necessary to protect the child.

RULES

I. If any authorized agent of the Florida Department of Children and Families or Law Enforcement appears on campus with a court order stating that they have the authority to take a particular child into custody, the court order should be a certified copy which should have an impression seal imprinted on the document with a statement by the Clerk of the Court certifying it to be a certified copy of the original. That document or a photocopy thereof should be placed in the student folder upon taking of the child into custody.

II. However, before any authorized agent of the Department of Children and Families or any law enforcement agency attempts to take a child into custody from a school, as authorized under Chapter 39.401 of the Florida Statutes, he/she will contact the School Resource Officer (SRO). The SRO will be dispatched to the school to oversee the taking of the child into custody.

III. Before any dependent child is taken into custody, the SRO shall verify the affiliation of the person representing the agency desiring to take the child into custody.
IV. It shall be the responsibility of the governmental agency taking the dependent child into custody to make every effort to advise the parents.

V. Right to Serve a Subpoena

A. Law Enforcement Officers have an absolute right to enter schools and serve subpoenas.

B. While law enforcement officers have the legal right to serve a subpoena at school, serving officials should be strongly urged to serve these subpoenas at the home of the student whenever possible.

VI. In all of these situations, every possible step should be taken to ensure a minimum of embarrassment or loss of class time for the student. Law enforcement officials should be encouraged to contact students during hours when school is not in session and off the school grounds.

No student shall be temporarily detained longer than is reasonably necessary. Such temporary detention shall not extend beyond the place where it was first affected or the immediate vicinity thereof.

II. If, at any time after the onset of the temporary detention, a reasonable suspicion arises that the detained student is concealing or has concealed stolen or illegal property or contraband on his/her person, or within his/her locker or other student storage space, an administrative or instructional staff member may search the personal property of the temporarily detained student or his/her locker or other storage space for the purpose of disclosing the presence of suspected stolen or illegal property.

III. Stolen or illegal property which is seized during a search of the personal property of the student or his/her locker or other student storage area shall be given to law enforcement authorities, when appropriate.

2. Searches shall be conducted at the qualified handler’s direction in cooperation with the School Board’s administrative personnel.

3. School Board administrative personnel shall be responsible for necessary parental notification, student disciplinary action, student due process, and public relations related to such searches.

4. Custody, analysis, and disposal of the illegal substance shall be the responsibility of law enforcement.

E. The primary purpose of the canine sniffer program shall not be to refer students to police authorities for criminal prosecution. The circumstances in some cases may make it advisable to refer that case to police authorities due to the serious nature of the offense, dangerous nature or sizable amount of the contraband seized, past school disciplinary or criminal record of the suspect, or serious disruption of school that has occurred or is likely to occur. The decision to refer a case to police authorities shall be made by the school principal, after consultation with the qualified handler and Superintendent or designee.

CHAPTER 5.00 - STUDENTS

EXPULSION OF STUDENTS 5.34

The school principal may recommend, to the Superintendent, the expulsion of any student who has committed a serious breach of conduct including, but not limited to: willful disobedience; open defiance of authority of a School Board employee; violence against persons or property or any other act which substantially disrupts orderly conduct of the school. The school principal or designee shall recommend to the Superintendent the expulsion of any student who has violated School Board rules which require expulsion.

I. The following procedures shall be observed when a student is suspended with a recommendation of expulsion:

A. The Superintendent or designee shall receive and review recommendations for expelling a student from the school principal or designee who is directly charged with the supervision of the student concerned. These recommendations shall be submitted in writing to the Superintendent by the individual and shall indicate the grounds for the recommendation. The student’s parent(s) or legal guardian or the adult student shall be notified in writing to inform them of the recommendation and to provide a reasonable opportunity to meet with the principal to discuss the recommendation and shall receive a copy of the recommendation submitted to the Superintendent. Such notification shall be sent by certified mail or by regular mail if the parent(s) or legal guardian or the adult student has been notified in person.

B. A preliminary investigation shall be conducted in accordance with the following.

1. The Superintendent or designee shall direct an investigation based on the school’s recommendation within five (5) school days of receipt of a recommendation for expulsion. The student’s parent(s) or legal guardian or adult student shall be informed that the investigation is being conducted in a manner reasonable calculated to notify them. The Superintendent or designee may extend an existing school suspension pending the results of the investigation when reasonable belief exists that the student’s return to school or continued attendance at school is detrimental to the student, school staff, and other students or tends to interrupt the orderly conduct of the educational process.
2. The Superintendent shall inform the student’s parent(s) or legal guardian or adult student by certified mail of the suspension or extended suspension. If requested, the student’s parent(s) or legal guardian or adult student shall be given a hearing with the Superintendent or his/her staff to challenge the extension or imposition of a suspension. Such hearing shall be informal in nature and shall be granted upon an oral or written request.

3. All interested parties shall be immediately informed in an appropriate manner when the Superintendent’s investigation reveals that no reasonable basis exists for an expulsion recommendation to the School Board. The student shall immediately be readmitted to school with no penalty imposed for absences related to the investigation; this does not include the initial school suspension if reasonable in nature. Student records shall be properly annotated to indicate that grounds for expulsion were insufficient.

4. All necessary school personnel shall cooperate in the investigation. Inquiries shall be made into alternatives to expulsion before further proceedings are initiated. The student’s parent(s) or legal guardian or adult student shall be informed of any feasible alternatives and appropriate changes shall be made in the student’s assignment or program to avoid expulsion proceedings. Any changes shall be based upon sound educational reasons and upon a reasonable belief that such a change will alleviate the problems leading to the school expulsion recommendation.

5. The Superintendent may develop routine procedures and forms for gathering data relating to expulsions. Such forms and procedures shall be internal administrative matters.

6. Investigations shall be conducted with deliberate speed, considering the nature of the facts underlying the school’s recommendation and the characteristics of the student and his/her program.

C. Charges and the notice of the right to a hearing shall be governed by the following:
1. Charges shall be made when a preliminary investigation is completed and there is reason to believe grounds exist for expulsion. The basis of the charges shall be specified with the Superintendent’s recommended action, including specific allegations of fact to support the recommendation.

2. Charges shall be served upon the student’s parent(s) or legal guardian or adult student in a manner reasonably calculated to inform him/her of the charges. Certified mail addressed to the last known address of the parent(s) or legal guardian or adult student shall be considered sufficient notice.

3. The student’s parent(s) or legal guardian or adult student shall be notified, in writing, of a proposed hearing date and of the right to an administrative hearing, in accordance with the provisions of Florida Statutes, before the School Board, if they desire to dispute the material allegations of fact contained in the charges and the recommendation of expulsion. To request a hearing, the parent(s) or legal guardian or adult student shall file a written request for a hearing with the Superintendent’s office at the specified address and before a certain date and time identified in the notice. Failure to timely request a hearing, in writing, shall be considered a waiver of the student’s right to a hearing to contest the charges.

4. The student’s parent(s) or legal guardian or adult student who timely requests a hearing shall be notified in a manner calculated to inform him/her of the time, place, and nature of the hearing, including a statement of the legal authority and jurisdiction under which the hearing is to be held, a reference to the particular sections of the Florida Statutes and State Board of Education rules involved, and specific references to School Board rules.

D. A hearing shall be conducted pursuant to the following:

1. The hearing shall be governed by Florida Statutes relating to administrative procedures.

The School Board chairman may direct the Superintendent or an administrative staff member to present the evidence and testimony to the School Board in support of the Superintendent’s recommendation for expulsion.
CHAPTER 5.00 - STUDENTS

2. Reasonable flexibility in method or order of presentation shall be permitted. No parent, legal guardian, or adult student shall be prohibited from presenting reasonable matters to the School Board because of unsubstantiated procedural irregularities.

3. No parent, legal guardian, or adult student shall be prohibited from being represented at the hearing by an adult, whether as legal counsel or qualified representative.

4. The School Board shall be the finders of fact and shall make conclusions of law based on competent substantial evidence presented at the hearing. Nothing herein shall prevent the School Board from seeking the advice of counsel of the attorney assisting it at the hearing. The School Board may indicate its finding of facts and conclusions of law to a School Board employee who shall write a final order for submission to the School Board for approval or modification.

E. Any student who is being considered for dismissal shall be accorded due process of law prior to dismissal. This shall include the following:

1. A written copy of the charges against the student;
2. The offer of a hearing at which the student may call witnesses and present evidence in the student’s own behalf;
3. The right to cross-examine witnesses;
4. The right to defend the student’s actions;
5. Legal counsel at the student’s expense to assist the student in presenting a defense; and,
6. A written copy of the School Board’s findings or action.

F. The following shall apply to informal proceedings on undisputed facts:

1. The student’s parent(s) or legal guardian or the adult student may
request, in writing, that an informal proceeding be conducted before the School Board when the facts alleged in the charges upon which the Superintendent’s recommendation is based are not disputed. The student’s parent(s) or legal guardian or the adult student shall file a written request for informal proceeding before a date and time certain with the Superintendent’s office as provided in the notice. Failure to timely file a written request for an informal proceeding shall be deemed a waiver of the student’s rights to an informal proceeding before the School Board.

2. Notification of the right to informal proceedings shall be given in the same manner as in the notice of right of hearings of disputed fact. The Superintendent, acting for the School Board, may establish a date for the informal proceeding to provide timely information on proceedings of the charges. Acceptance of the informal proceeding date by the student’s parent(s) or legal guardian or the adult student shall be deemed waiver of the notice requirements as to time. The hearing shall not be held in a manner calculated to cause inadequate preparation time. Fourteen (14) days shall be deemed sufficient preparation time unless an objection is timely raised; the days shall be calculated from the day immediately following the actual personal notice or posting of the notice by certified mail.

3. An informal proceeding shall be held before the School Board on the date proposed in the notice of right of informal proceeding when a timely request for an informal proceeding is filed. At the informal proceeding before the School Board, the student’s parent(s) or legal guardian, the adult student, or the legal counsel or representative may present written or oral evidence in opposition to the Superintendent’s recommendation for expulsion is based. The School Board shall consider any oral testimony or written statements submitted by the parties and render a final order in the same manner as in formal hearings of disputed fact.

G. The Superintendent shall notify the student’s parent(s) or legal guardian or the adult student of the official School Board action by certified mail with reasonable speed and include a copy of the School Board’s final order. The notice shall inform the student’s parent(s) or legal guardian or the adult student of his/her right to appeal the School Board’s final order to the

A request for rehearing shall be made by the parent(s) or legal guardian to the Superintendent or designee. The Superintendent’s office shall determine whether the expulsion shall be re-heard by the School Board.

II. The Superintendent may recommend to the School Board expulsion of a student who is found guilty of a felony. Provided, however, any student subject to discipline or expulsion for the unlawful possession or use of any substance controlled under Florida Statutes shall be entitled to a waiver of the discipline or expulsion if he/she divulges information leading to the arrest and conviction of the person who supplied such controlled substance or if he/she voluntarily discloses the unlawful possession of such controlled substance prior to arrest.

III. Provisions for the expulsion of exceptional education students shall be described and set forth in the Code of Student Conduct and Holmes District School Board Procedure for Discipline of Students with Disabilities.

behavior bears a relationship to his/her exceptionality. A disciplinary review committee that determines the student’s behavior is in relation to his/her exceptionality may modify the student’s IEP in accordance with current needs and expulsion may not be applied. Procedures in subsection (3)(b)3, herein shall apply when a student’s conduct does not bear a relationship to his/her exceptionality.

2. An IEP meeting shall be conducted in compliance with State Board of Education rules and in conjunction with the disciplinary review committee meeting. The decision of the disciplinary committee shall be recorded on the IEP and shall be used in determining the adequacy of the current special program and related services. The student’s IEP may be revised to reflect:

   a. A modification of the current special program or an alternative placement;

   b. An indication that the exceptionality is not a precipitating factor and the student is expected to behave in accordance with the rules established in the District’s Code of Student Conduct.

3. The principal is responsible for taking appropriate action consistent with School Board rules and the Special Programs and Procedures for Exceptional Student Education Manual.

4. The parent(s), legal guardian, or custodian of an exceptional education student shall be provided a copy of the suspension and expulsion procedures regarding discipline of exceptional education students at the initial placement meeting or at the first IEP meeting held in the District.

C. Additional requirements for the expulsion of exceptional education students may be set forth in the Special Programs and Procedures for Exceptional Student Education Manual.

These students and students who are parents shall receive the same educational instruction or its equivalent as other students, but may voluntarily be assigned to a class or program suited to their special needs. Consistent with s. 1003.54, pregnant or parenting teens may participate in a teenage parent program. Pregnant students may attend alternative education programs or adult education programs, provided that the curriculum allows the student to continue to work toward a high school diploma.

(e) Consistent with rules adopted by the State Board of Education, children with disabilities who have attained the age of 3 years shall be eligible for admission to public special education programs and for related services. Children with disabilities younger than 3 years of age who are deaf or hard of hearing; visually impaired; dual sensory impaired; orthopedically impaired; other health impaired; who have experienced traumatic brain injury; who have autism spectrum disorder; established conditions, or who exhibit developmental delays or intellectual disabilities may be eligible for special programs and may receive services in accordance with rules of the State Board of Education. Rules for the identification of established conditions for children birth through 2 years of age and developmental delays for children birth through 5 years of age must be adopted by the State Board of Education.

(f) Children and youths who are experiencing homelessness and children who are known to the department, as defined in s. 39.0016, must have access to a free public
education and must be admitted to school in the school district in which they or their families live. School districts shall assist such children in meeting the requirements of subsection (4) and s. 1003.22, as well as local requirements for documentation.

(2)(a) The State Board of Education may adopt rules under which students not meeting the entrance age may be transferred from another state if their parents have been legal residents of that state.

(b) Each district school board, in accordance with rules of the State Board of Education, shall adopt a policy that authorizes a parent to request and be granted permission for absence of a student from school for religious instruction or religious holidays.

(3) The district school superintendent may authorize certificates of exemptions from school attendance requirements in certain situations. Students within the compulsory attendance age limits who hold valid certificates of exemption that have been issued by the superintendent shall be exempt from attending school. A certificate of exemption shall cease to be valid at the end of the school year in which it is issued.

(4) Before admitting a child to kindergarten, the principal shall require evidence that the child has attained the age at which he or she should be admitted in accordance with the provisions of subparagraph (1)(a)2. The district school superintendent may require evidence of the age of any child whom he or she believes to be within the limits of compulsory attendance as provided for by law. If the first prescribed evidence is not available, the next evidence obtainable in the order set forth below shall be accepted:

(a) A duly attested transcript of the child’s birth record filed according to law with a public officer charged with the duty of recording births;

(b) A duly attested transcript of a certificate of baptism showing the date of birth and place of baptism of the child, accompanied by an affidavit sworn to by the parent;

(c) An insurance policy on the child’s life that has been in force for at least 2 years;

(d) A bona fide contemporary religious record of the child’s birth accompanied by an affidavit sworn to by the parent;

(e) A passport or certificate of arrival in the United States showing the age of the child;

(f) A transcript of record of age shown in the child’s school record of at least 4 years prior to application, stating date of birth; or

(g) If none of these evidences can be produced, an affidavit of age sworn to by the parent, accompanied by a certificate of age signed by a public health officer or by a public school physician, or, if these are not available in the county, by a licensed practicing physician designated by the district school board, which states that the health officer or physician has examined the child and believes that the age as stated in the affidavit is substantially correct. Children and youths who are experiencing homelessness and children who are known to the department, as defined in s. 39.0016, shall be given temporary exemption from this section for 30 school days.
F.S. 1003.23 Attendance records and reports.
(1) The attendance of all public K-12 school students shall be checked each school day in the manner prescribed by rules of the State Board of Education and recorded in the teacher’s register or by some approved system of recording attendance. Students may be counted in attendance only if they are actually present at school or are away from school on a school day and are engaged in an educational activity which constitutes a part of the school-approved instructional program for the student.
(2) All officials, teachers, and other employees in public, parochial, religious, denominational, and private K-12 schools, including private tutors, shall keep all records and shall prepare and submit promptly all reports that may be required by law and by rules of the State Board of Education and district school boards. Such records shall include a register of enrollment and attendance and all persons described above shall make these reports therefrom as may be required by the State Board of Education. The enrollment register shall show the absence or attendance of each student enrolled for each school day of the year in a manner prescribed by the State Board of Education. The register shall be open for the inspection by the designated school representative or the district school superintendent of the district in which the school is located. Violation of the provisions of this section shall be a misdemeanor of the second degree, punishable as provided by law. This section shall not apply to home education programs provided in s. 1002.41.

F.S. 1003.24 Parent responsibilities for attendance of children
Parents responsible for attendance of children; attendance policy.—Each parent of a child within the compulsory attendance age is responsible for the child’s school attendance as required by law. The absence of a student from school is prima facie evidence of a violation of this section; however, criminal prosecution under this chapter may not be brought against a parent until the provisions of s. 1003.26 have been complied with. A parent of a student is not responsible for the student’s nonattendance at school under any of the following conditions:
(1) WITH PERMISSION.—The absence was with permission of the head of the school;
(2) WITHOUT KNOWLEDGE.—The absence was without the parent’s knowledge, consent, or connivance, in which case the student shall be dealt with as a dependent child;
(3) FINANCIAL INABILITY.—The parent was unable financially to provide necessary clothes for the student, which inability was reported in writing to the superintendent prior to the opening of school or immediately after the beginning of such inability, provided that the validity of any claim for exemption under this subsection shall be determined by the district school superintendent subject to appeal to the district school board; or
(4) SICKNESS, INJURY, OR OTHER INSURMOUNTABLE CONDITION.—Attendance was impracticable or inadvisable on account of sickness or injury, attested
to by a written statement of a licensed practicing physician, or was impracticable because of some other stated insurmountable condition as defined by rules of the State Board of Education. If a student is continually sick and repeatedly absent from school, he or she must be under the supervision of a physician in order to receive an excuse from attendance. Such excuse provides that a student’s condition justifies absence for more than the number of days permitted by the district school board.

Each district school board shall establish an attendance policy that includes, but is not limited to, the required number of days each school year that a student must be in attendance and the number of absences and tardinesses after which a statement explaining such absences and tardinesses must be on file at the school. Each school in the district must determine if an absence or tardiness is excused or unexcused according to criteria established by the district school board.

F.S. 1003.26   Enforcement of school attendance.
The Legislature finds that poor academic performance is associated with nonattendance and that school districts must take an active role in promoting and enforcing attendance as a means of improving student performance. It is the policy of the state that each district school superintendent be responsible for enforcing school attendance of all students subject to the compulsory school age in the school district and supporting enforcement of school attendance by local law enforcement agencies. The responsibility includes recommending policies and procedures to the district school board that require public schools to respond in a timely manner to every unexcused absence, and every absence for which the reason is unknown, of students enrolled in the schools. District school board policies shall require the parent of a student to justify each absence of the student, and that justification will be evaluated based on adopted district school board policies that define excused and unexcused absences. The policies must provide that public schools track excused and unexcused absences and contact the home in the case of an unexcused absence from school, or an absence from school for which the reason is unknown, to prevent the development of patterns of nonattendance. The Legislature finds that early intervention in school attendance is the most effective way of producing good attendance habits that will lead to improved student learning and achievement. Each public school shall implement the following steps to promote and enforce regular school attendance:

(1) CONTACT, REFER, AND ENFORCE.—
(a) Upon each unexcused absence, or absence for which the reason is unknown, the school principal or his or her designee shall contact the student’s parent to determine the reason for the absence. If the absence is an excused absence, as defined by district school board policy, the school shall provide opportunities for the student to make up assigned work and not receive an academic penalty unless the work is not made up within a reasonable time.
(b) If a student has had at least five unexcused absences, or absences for which the reasons are unknown, within a calendar month or 10 unexcused absences, or absences for which the reasons are unknown, within a 90-calendar-day period, the student’s primary teacher shall report to the school principal or his or her designee that the student may be exhibiting a pattern of nonattendance. The principal shall, unless there is clear evidence that the absences are not a pattern of nonattendance, refer the case to the school’s child study team to determine if early patterns of truancy are developing. If the child study team finds that a pattern of nonattendance is developing, whether the absences are excused or not, a meeting with the parent must be scheduled to identify potential remedies, and the principal shall notify the district school superintendent and the school district contact for home education programs that the referred student is exhibiting a pattern of nonattendance.

(c) If an initial meeting does not resolve the problem, the child study team shall implement the following:
   1. Frequent attempts at communication between the teacher and the family.
   2. Evaluation for alternative education programs.
   3. Attendance contracts.

The child study team may, but is not required to, implement other interventions, including referral to other agencies for family services or recommendation for filing a truancy petition pursuant to s. 984.151.

(d) The child study team shall be diligent in facilitating intervention services and shall report the case to the district school superintendent only when all reasonable efforts to resolve the nonattendance behavior are exhausted.

(e) If the parent refuses to participate in the remedial strategies because he or she believes that those strategies are unnecessary or inappropriate, the parent may appeal to the district school board. The district school board may provide a hearing officer, and the hearing officer shall make a recommendation for final action to the district school board. If the district school board’s final determination is that the strategies of the child study team are appropriate, and the parent still refuses to participate or cooperate, the district school superintendent may seek criminal prosecution for noncompliance with compulsory school attendance.

(f)1. If the parent of a child who has been identified as exhibiting a pattern of nonattendance enrolls the child in a home education program pursuant to chapter 1002, the district school superintendent shall provide the parent a copy of s. 1002.41 and the accountability requirements of this paragraph. The district school superintendent shall also refer the parent to a home education review committee composed of the district contact for home education programs and at least two home educators selected by the parent from a district list of all home educators who have conducted a home education program for at least 3 years and who have indicated a willingness to serve on the committee. The home education review committee shall review the portfolio of the
student, as defined by s. 1002.41, every 30 days during the district’s regular school terms until the committee is satisfied that the home education program is in compliance with s. 1002.41(1)(b). The first portfolio review must occur within the first 30 calendar days of the establishment of the program. The provisions of subparagraph 2. do not apply once the committee determines the home education program is in compliance with s. 1002.41(1)(b).

2. If the parent fails to provide a portfolio to the committee, the committee shall notify the district school superintendent. The district school superintendent shall then terminate the home education program and require the parent to enroll the child in an attendance option that meets the definition of “regular school attendance” under s. 1003.01(13)(a), (b), (c), or (e), within 3 days. Upon termination of a home education program pursuant to this subparagraph, the parent shall not be eligible to reenroll the child in a home education program for 180 calendar days. Failure of a parent to enroll the child in an attendance option as required by this subparagraph after termination of the home education program pursuant to this subparagraph shall constitute noncompliance with the compulsory attendance requirements of s. 1003.21 and may result in criminal prosecution under s. 1003.27(2). Nothing contained herein shall restrict the ability of the district school superintendent, or the ability of his or her designee, to review the portfolio pursuant to s. 1002.41(1)(b).

(g) If a student subject to compulsory school attendance will not comply with attempts to enforce school attendance, the parent or the district school superintendent or his or her designee shall refer the case to the case staffing committee pursuant to s. 984.12, and the district school superintendent or his or her designee may file a truancy petition pursuant to the procedures in s. 984.151.

(2) GIVE WRITTEN NOTICE.—

(a) Under the direction of the district school superintendent, a designated school representative shall give written notice that requires enrollment or attendance within 3 days after the date of notice, in person or by return-receipt mail, to the parent when no valid reason is found for a student’s nonenrollment in school. If the notice and requirement are ignored, the designated school representative shall report the case to the case staffing committee pursuant to s. 984.12. The district school superintendent shall take such steps as are necessary to bring criminal prosecution against the parent.

(b) Subsequent to the activities required under subsection (1), the district school superintendent or his or her designee shall give written notice in person or by return-receipt mail to the parent that criminal prosecution is being sought for nonattendance. The district school superintendent may file a truancy petition, as defined in s. 984.03, following the procedures outlined in s. 984.151.

(3) RETURN STUDENT TO PARENT.—A designated school representative may visit the home or place of residence of a student and any other place in which he or she is likely to find any student who is required to attend school when the student is not enrolled or is absent from school during school hours without an excuse, and, when the
student is found, shall return the student to his or her parent or to the principal or teacher in charge of the school, or to the private tutor from whom absent, or to the juvenile assessment center or other location established by the district school board to receive students who are absent from school. Upon receipt of the student, the parent shall be immediately notified.

(4) REPORT TO APPROPRIATE AUTHORITY.—A designated school representative shall report to the appropriate authority designated by law to receive such notices, all violations of the Child Labor Law that may come to his or her knowledge.

(5) RIGHT TO INSPECT.—A designated school representative shall have the right of access to, and inspection of, establishments where minors may be employed or detained only for the purpose of ascertaining whether students of compulsory school age are actually employed there and are actually working there regularly. The designated school representative shall, if he or she finds unsatisfactory working conditions or violations of the Child Labor Law, report his or her findings to the appropriate authority.

The information that will be collected relates to student attitudes and behaviors on topics such as school safety, substance use and the prevalence of risky attitudes or behaviors, particularly with respect to alcohol and drug abuse. In addition, these surveys also collect information on general health practices and human sexuality. Such information is collected anonymously, and no personally identifiable information is obtained from or reported on any individual student. The district cooperates with other agencies such as the Florida Department of Health in conducting these surveys.

I. Parents will be notified of upcoming surveys that reveal information concerning one or more of the following items:

A. Political affiliations or beliefs of the student or the student’s parent
B. Mental and psychological problems of the student or the student’s family
C. Sexual behavior or attitudes
D. Illegal, anti-social, self-incriminating, or demeaning behavior
E. Critical appraisals of other individuals with whom respondents have close family relationships
F. Legally recognized, privileged or analogous relationships, such as those of lawyers, physicians, and ministers
G. Religious practices, affiliations, or beliefs of the student or student’s parent
H. Income (other than that required by law to determine eligibility for participation in a program or before receiving financial assistance under such program)

II. Participation Voluntary – No student shall be required to participate in such a survey if the student or the student’s parent, if the student is less than 18 years of age, objects to participation.

III. Right to Inspect – A student or the student’s parent, if the student is less than 18 years of age, has the right to inspect any such survey instrument before the survey is administered or distributed to students if a request is made within a
reasonable period of time. Parents also have the right to be advised of arrangements that will be made to protect student privacy.

Student survey instruments and teacher directions for administering the survey will be available at each participating school within a reasonable period of time prior to the survey administration.

IV. Notification of Parents - Parents will be notified of this policy annually at the beginning of the school year and within a reasonable period of time if any substantive change is made to this policy. Such notice shall include the specific or approximate dates during the school year when any such survey will be administered.

This rule, the Standard Operating Procedures Manual, and the Code of Student Conduct shall set forth provisions for administering prescription medications.

C. All prescription medications shall be delivered to the office/clinic with the following information on the label:

1. Student’s name
2. Name of medication

B. No student may carry medications in his or her pocket, purse or on his or her person during school hours; however, the principal may authorize a student to carry nonprescription medication such as an asthma inhaler when a permission form has been signed by the parent and the student’s physician has signed the permission form confirming that, because of the student’s medical condition, it is necessary that the student retain the asthma inhaler in his/her possession during school hours or at any school-related activity.

III. Field Trips

The requirements for the administration of medication while students are away from school property or on official school business shall be the same as those while on school property. D. Under the provisions of Florida Statutes, the District, trained and certified personnel, or an uncertified person who administers an epinephrine auto-injector under the authorization of an authorized health care provider shall not be liable for any injury resulting from the administration of an auto-injector provided that school personnel were trained or authorized as provided by law, followed the established protocol and believed that the student was having an anaphylactic reaction.

GUIDELINES AND PROCEDURES CONCERNING HIV, AIDS, OR OTHER COMMUNICABLE DISEASES (STUDENT AND EMPLOYEE)

5.63+

I. Introduction

It is the policy of this School Board to seek to provide, in the least restrictive environment, for the educational needs of each student to the maximum extent consistent with the needs of other students and the health, safety and welfare of all. One factor necessary in implementing this policy is that of providing AIDS-related education and awareness for students. Another such factor is that of adopting and implementing procedures to be followed in instances where the administration is notified by the parent, as defined by Florida Statutes, student or another employee that a student is known to have the Human Immunodeficiency Virus (HIV) or Acquired Immunoodeficiency Syndrome (AIDS).

This rule delineates also the policy of this School Board in utilizing the services of employees who have HIV or AIDS. The purpose of the policy is the protection of the right of these employees to continued employment, while also recognizing the School Board’s obligation, as an employer and educational agency, to provide an environment that is not only objectively safe for all employees, students and the public at large, but that is also one where, insofar as practicable and reasonable, employees and students do not have fears for their health or safety.

In providing communicable disease education to include Hepatitis B and awareness for students, an important goal will be

To make it clearly and convincingly understood that, as to the present and the foreseeable future, there is no known or definitely expected cure for AIDS and that most cases of AIDS resulted from behavior that can be avoided.

II. In all matters related to this rule, directly or indirectly, all employees shall strictly observe and protect the rights of all students and their parents as to privileged or confidential information.

III. Student Guidelines and Procedures

Epidemiological studies show that HIV is transmitted via contact with the body fluids of the infected person. Since there is no evidence of casual transmission
by sitting near, living in the same household, or playing together with an individual who has HIV infection, the following guidelines have been developed:

A. Circumstances Warranting Special Action - No student shall be excluded from attending regular classes solely because the student has been diagnosed as having HIV or AIDS including clinical evidence of infection with HIV. However, if a child so diagnosed evidences any one of the following conditions, the Superintendent of Schools with consent of the parent, will convene an Advisory Panel for the purpose of making recommendations on the most appropriate educational placement of the student:

1. Manifestation of clinical signs and/or symptoms that indicate progression of the illness;
2. Demonstration of behavior risky or harmful to self or others;
3. Demonstration of unstable or decompensated neuropsychological behavior;
4. Presence of open wounds, cuts, lacerations, abrasions, or sores, on exposed body surfaces where occlusion cannot be maintained; and
5. Impairment of gastrointestinal and/or genitourinary functions such that control of internal body fluids cannot be maintained.

B. In the event the parent refuses to authorize release of information regarding the student, the Superintendent shall request a review by the County Health Officer. If the County Health Officer determines that students or school personnel are likely to be significantly exposed to body fluids of the student, the Superintendent may proceed with establishment of the panel, notwithstanding the refusal of the parent.

C. Composition of Advisory Panel

1. Superintendent of Schools;
2. Director and Health Officer of the County Health Department or designee;
3. Attending physician of the student with HIV infection;
4. Director of Exceptional Student Education;
5. Student’s principal or principal’s designee;
6. Infectious disease specialty physician, when and as determined by the Superintendent as appropriate;
7. Other professional staff to include Health Services Staff when and as determined by the Superintendent as appropriate;
8. Case Manager (optional); and
9. Student’s parent(s), when and as appropriate or requested, who shall not be official member of the panel.

D. Panel Responsibilities

1. Review student’s medical history and current status; student identity will be dependent upon parent written release;
2. Review available educational and social data, progress reports as available, test results, prior school placements, and other relevant information;
3. Discuss educational options, considering risks and benefits;
4. Reduce to writing findings, options, and recommendations and review draft report before submission to the Superintendent, focusing on key issues, unresolved problems, if any, and summary recommendations;
5. Submit written report to the Superintendent within twenty-four (24) days and remain available as needed; and
6. Re-evaluate each Panel case on a continuing basis at least once every six (6) months and more often when circumstances change in the categories listed in III.A.
The general intent is that the Advisory Panel is to serve as an expert professional resource to advise the Superintendent in special situations where information about appropriate environment may not be available, complete, clear, or readily amenable to lay interpretation. It is expected that recommendations of the Advisory Panel shall be based solely upon current medical and educational information consistent with established ethical guidelines and considerations in accordance with extant guidelines of the Centers for Disease Control and Prevention and other scientific and relevant professional bodies.

E. Panel Protocol

1. If the Superintendent determines that any one of the conditions in III.A. exists, the student in question will be placed on homebound instruction status for no longer than five (5) school days.

2. Within the five (5) school-day period (equivalent to one calendar week), consent for release of medical information will be obtained, and past medical history, laboratory tests, and other relevant records will be provided to and reviewed by the Director of the Health Department and by other physicians as appropriate. Critical medical tests and other procedures will be conducted during this period by the Director of the Health Department or by other medical practitioners as warranted.

3. Based on results and medical interpretation of the student’s current status, the Director of the Health Department (and other consultants as appropriate) will advise the Superintendent within five (5) days as to whether continued homebound instruction is, or is not, warranted.

4. If medical review indicates that continuation of special status is not indicated, the student will return to regular status at the end of the five-school-day initial review period or upon the advice of the director of the Health Department, whichever is sooner.

5. If medical review indicates that continuation of special status is indicated, the student will remain on homebound instruction, for a period not to exceed fifteen (15) additional school days (equivalent
6. During the twenty (20) school-day review period, the Superintendent will arrange the following steps in preparation for Advisory Panel review:

a. Alert Advisory Panel of forthcoming meeting to be scheduled.

b. Obtain written authorization from parent(s) of the student to contact attending physician for medical information.

c. Obtain signed consent from parent(s) of student to permit release of information from attending physician and others to the Superintendent.

d. Receive relevant medical and social information about the student with HIV infection and maintain same in strict confidence. Any written form to be reviewed will be shared in meetings with panel and kept on file in Superintendent’s or Health Department Director’s confidential files [see h. below].

e. Circulate confidential information about the HIV infected student to the Advisory Panel members only.

f. Schedule and notify the Advisory Panel members of initial review meeting, at date, time and location suitable to all; meeting will be scheduled only when complete medical information has been obtained and circulated in advance to all Advisory Panel members.

g. Siblings - Siblings of children diagnosed as having HIV, AIDS, or with clinical evidence of infection with HIV are able to attend school without any restrictions.

h. Privacy and Disclosure - Any report or information received by the Superintendent from the Department of Health and Family Services, or from any other source, regarding AIDS
CHAPTER 5.00 - STUDENTS

or HIV relating to a student shall be released only in an emergency situation which results in a significant exposure by students or school personnel to the blood or body fluids of the person. Such release may only be made directly to those persons having a significant exposure, and such persons shall be required to retain such information in strict confidence. All records regarding the condition of the student shall be maintained by the Superintendent in a confidential file separate and apart from the student's cumulative record and accessible only by lock and key by appropriate personnel.

i. Exclusion from School - Since the student diagnosed as showing clinical evidence of infection with the AIDS-Associated Virus (HIV or AIDS) has an increased risk of acquiring infections in the school setting, the student will be excluded from school if there is an outbreak of a threatening communicable disease, upon the advice of the County Health doctor or the child's private physician such as, chicken pox or measles, until he/she is properly treated and/or the outbreak is no longer a threat to the child.

IV. Employee Guidelines and Procedures

Statement of Purpose and Scope - This section establishes the policy of the School Board for working with employees who have a communicable disease such as Hepatitis B, HIV, or AIDS, etc. and is applicable to all employees of the School Board.

Employee Policy - The School Board recognizes that employees with life-threatening illnesses including, but not limited to, cancer, heart disease, and AIDS-related illnesses may wish to continue to work. As long as employees are able to meet acceptable performance standards and medical evidence indicates that their condition is not a threat to themselves or others, employees shall be assured of continued employment.

Training and Education - Medical studies show that HIV infection is transmitted via contact with body fluids (especially semen, preseminal fluid, blood, and menstrual flow) of an infected person. To date, there is
CHAPTER 5.00 - STUDENTS

5.63

no record of transmission of the AIDS-associated virus (HIV) to co-workers, clients or consumers in offices, schools, factories, construction sites or other workplaces. There is no evidence of casual transmission by sitting near or working in the same office or sharing the same water fountain, telephones, toilets, eating facilities or office equipment with a person infected with HIV.

Many of the problems that arise in the workplace when employees are confronted with a fellow employee who has become HIV infected are caused by lack of knowledge about the disease and misunderstanding of the way in which it is transmitted. The only means of combating this fear is education. Supervisors should make a concerted effort to educate themselves as to the facts regarding HIV infection and how it is and is not transmitted and, further, should make the same effort to educate their employees. Any information needed will be furnished by the School Board office. Supervisors should be sensitive and responsive to co-workers' concerns, and emphasize employee education.

Confidentiality - The School Board realizes that an employee's health condition is personal and confidential. Personnel and medical files or information about employees are exempt from public disclosure. In addition, information relating to a specifically named individual, the disclosure of which would constitute an unwarranted invasion of personal privacy, is prohibited. Thus, special precautions should be taken to protect such information regarding an employee's health condition in order to prevent instances of disclosure that may invade the personal privacy of employees. Unless specifically authorized by the employee, release of such information shall only be made in emergency situations to personnel who have a significant exposure to the blood or body fluids of the person. Written authorization of such release should be kept in a confidential file under lock and key in the Superintendent's or Health Department Director's office.

Circumstances Warranting Special Action - No employee is prohibited from reporting for duty solely because the employee has been diagnosed as having HIV or AIDS, including clinical evidence of infection with the AIDS-associated virus (HIV). However, medical reports and information relative to the employee's condition shall be regularly examined and monitored by school authorities (health officials designated by the Superintendent and County Health Department Director). If an employee
so diagnosed evidences any of the following conditions, the Superintendent of Schools may, with consent of the employee, convene an Advisory Panel for the purpose of making recommendations on the most appropriate work assignment for the employee:

Manifestation of clinical signs and/or symptoms which indicate progression of the illness;

Demonstration of behavior risky or harmful to self or others;

Demonstration of unstable or decompensated neuropsychological behavior;

Presence of open wounds, cuts, lacerations, abrasions, or sores on exposed body surfaces where occlusion cannot be maintained; and

Impairment of gastrointestinal and/or genitourinary function such that control of internal body fluids cannot be maintained.

Composition of the Advisory Panel

Superintendent of Schools;

Director and Health Officer of the Health Department or designee;

Attending physician of the employee with HIV infection;

Infectious disease specialty physician, when and as determined by the Superintendent as appropriate;

Other School District Health Services staff, when and as determined by the Superintendent as appropriate;

The employee when and as appropriate or requested, who should not be an official member of the Panel; and

Case Manager (optional).

Panel Responsibilities
CHAPTER 5.00 - STUDENTS

Review employee’s medical history and current status (note: employee identity dependent upon written release);

Review available social data, prior school assignments, employment history, and other relevant information;

Discuss with employee the employment options, as applicable, considering risks and benefits;

Reduce findings, options, and recommendations to writing and review draft report before submission to Superintendent, focusing on key issues, unresolved problems, if any, and summary recommendations;

Submit written report to the Superintendent within fourteen (14) days and remain available as needed; and

Re-evaluate each Panel case on a continuing basis at least once every six (6) months and more often when circumstances change in the categories listed in IV.F.

The general intent is that the Advisory Panel is to serve as an expert professional resource to advise the Superintendent in special situations where information about appropriate environment may not be available, complete, clear or readily amenable to lay interpretation. It is expected that recommendations of the Advisory Panel shall be based solely upon current medical and employment information consistent with established ethical guidelines and considerations in accordance with extant guidelines of the Center for Disease Control and Prevention and other scientific and relevant professional bodies.

In the event the employee refuses to authorize release of information to the Panel, the Superintendent shall request a review by the County Health Officer. If the County Health Officer determines that students or school personnel are likely to be significantly exposed to blood or body fluids of the employee, the Superintendent may proceed with establishment of the panel, notwithstanding the refusal of the employee.

Panel Protocol
If the Superintendent determines that any one of the conditions in IV.F. exists, the employee in question will be placed on special assignment for no longer than five (5) work days.

Within the five-work-day period (equivalent to one calendar week), consent for release of medical information will be obtained and past medical history, laboratory tests, and other relevant records will be provided to and reviewed by the Director of the Health Department and other physicians as appropriate. Critical medical tests and other procedures will be conducted during this period by the Director of the Health Department or other medical practitioners as warranted.

Based on results and medical interpretation of the employee’s current status, the Director of the Health Department (and other consultants as appropriate) will advise the Superintendent within five (5) days whether a continuation of special assignment is, or is not, warranted.

If medical review indicates that continuation of special assignment is not indicated, the employee will return to regular status at the end of the five (5) work-day initial review period or upon the determination of the Superintendent, whichever is sooner.

If medical review indicates that continuation of special assignment is warranted, the employee will remain on special assignment for a period not to exceed fifteen (15) additional work days (equivalent to three more calendar weeks).

During the twenty (20) work-day review period, the Superintendent will arrange the following steps in preparation for Advisory Panel review:

- Alert Advisory Panel for forthcoming meeting to be scheduled;

- Obtain written authorization from employee to contact attending physician for medical information;
CHAPTER 5.00 - STUDENTS

Obtain signed consent from employee to permit release of information from attending physician and others to Superintendent of Schools.

Receive relevant medical and social information about the employee with HIV infection and maintain same in strict confidence.

Circulate confidential information about the HIV-infected employee to the Advisory Panel members only.

Schedule and notify the Advisory Panel members of initial review meeting, at date, time and location suitable to all; meeting will be scheduled only when complete medical information has been obtained and circulated in advance to all Advisory Panel members.

Any report of information received by the Superintendent from the Department of Health and Family Services, or from any other source, regarding AIDS or HIV relating to an employee shall be maintained in a confidential fashion and shall be released only in an emergency situation which results in significant exposure of students or school personnel to the blood or body fluids of the person. Such release may only be made directly to those persons having a significant exposure, and such persons shall be required to retain such information in strict confidence. All records regarding the condition of the employee shall be maintained in a confidential fashion in the Superintendent’s office and accessible only by lock and key by appropriate personnel and shall not be available to those persons normally having access to personnel records.

V. Sanitation/Waste Disposal

Blood or any other body fluids including vomitus, fecal, or urinary products of any student or employee should be treated cautiously. It is required that gloves be worn when cleaning up any body fluids from any student.

A. These spills should be cleaned up with a fresh solution of bleach (no older
CHAPTER 5.00 - STUDENTS

...than 24 hours; one part bleach to ten parts water) or another EPA and District approved disinfectant, by pouring the solution around the perimeter of the spill.

B. All disposable materials, including gloves, should be discarded in a manner prescribed by the County Health officer for disposal of biohazardous waste, in order to eliminate exposure of employees and students. Mops should also be disinfected with the bleach solution described in V.A.

DRUG AND ALCOHOL TESTING OF STUDENT ATHLETES 5.81+

Recognizing that student participation in interscholastic athletics is extracurricular and voluntary and pursuant to Florida Statutes, the School Board has adopted a policy on drug and alcohol testing of student athletes including the following provisions:

I. Definitions - For purpose of this policy, the following terms and phrases shall be defined as follows:

A. *Alcohol* shall mean any beverage, mixture or preparation, including any medications or other products, containing alcohol or ethanol.

B. *Chain of custody* refers to the methodology of tracking specified materials or substances for the purpose of maintaining control and accountability from initial collection to the final disposition for all such materials or substances and providing for accountability at each stage in handling, testing, storing specimens and reporting test results.

C. *Confirmation test, confirmed test, or confirmed drug test* means a second analytical procedure used to identify the presence of a specific drug or metabolite in a specimen. A second test must be different in scientific principle from that of the initial test procedure and must be capable of providing requisite specificity, sensitivity, and quantitative accuracy.

D. *Drugs* shall mean any substance or drugs identified in Schedules I through V of 21 United States Code Section 202 (controlled substances act) and as further defined by 21 CFR 1300.11 through 1300.15 and Section 893.03, Florida Statutes, and shall include, without limitation, cannabinoids (marijuana), amphetamines, alcohol, cocaine, opiates, and phencyclidine (PCP).

E. *Drug test or test* means any chemical, biological, or physical instrumental analysis administered - by a laboratory certified by the United States Department of Health and Human Services or licensed by the Agency for Health Care Administration - for the purpose of determining the presence or absence of a drug or its metabolites.

F. *Initial drug test* means a sensitive, rapid, and reliable procedure to identify negative and presumptive positive specimens, using an immunoassay procedure or an equivalent, or a more accurate scientifically accepted method approved by the United States Food and Drug Administration as
such more accurate technology becomes available in a cost-effective form.

G. *Medical Review Officer* or *MRO* is a licensed physician who has agreed to provide services to the School Board for the purpose of reviewing drug test results and communicating with student athletes and their parent(s) concerning any positive drug test result as more specifically described herein.

H. *Prescription* or *nonprescription medication* means a drug or medication obtained pursuant to a prescription as defined by Section 893.02, Florida Statutes, or medication that is authorized pursuant to federal or state law for general distribution and use without a prescription in the treatment of human disease, ailments, or injuries.

I. *Parent* shall mean the parent, as defined by Florida Statutes, of a student athlete.

J. *Reasonable-suspicion drug testing* means drug testing based on a belief that a student athlete is using or has used drugs in violation of School Board policy drawn from specific objective and articulable facts and reasonable inferences drawn from those facts in light of experience. Among other things, such facts and inferences may be based upon:

1. Observable phenomena while at school, athletic practice, athletic competition, or other times such as direct observation of drug use or the physical symptoms or manifestations of being under the influence of a drug.
2. Abnormal conduct or erratic behavior while at school, athletic practice, athletic competition, or other times.
3. A significant deterioration in athletic performance.
4. A report of drug use, provided by a reliable and credible source.
5. Evidence that a student athlete has tampered with his/her drug test.
6. Evidence that a student athlete has used, possessed, sold, solicited, or transferred drugs.
K. Specimen means tissue, hair, or a product of the human body capable of revealing the presence of drugs or their metabolites, as approved by the United States Food and Drug Administration or the Agency for Health Care Administration.

L. Student athletes are any students enrolled in the county public schools who are participating in or applying for participation in any interscholastic athletic program, including practices and contests under the control and jurisdiction of the School District.

M. Interscholastic athletics is defined as any play between organized varsity, junior varsity, B squads, or 7th, 8th and 9th grade squads of different schools in sports including cheerleader squads.

II. General Prohibitions and Penalties

A. Standard of Conduct for Student Athletes - The use or possession of a drug, as defined herein, by a student athlete at any time is both illegal and detrimental to that student athlete's ability to participate in interscholastic athletics and is hereby prohibited. Any student athlete determined to be in violation of this policy is subject to disciplinary action related to his/her participating in interscholastic athletics and will be suspended from participation.

B. Code of Student Conduct - Nothing contained in this policy for drug testing for student athletes shall be construed to limit the application and enforcement of the Code of Student Conduct, including all of its provisions pertaining to drugs and alcohol.

C. Positive Test Results - A drug test administered pursuant to this policy will be deemed to have rendered a positive result indicating the presence of a drug if the quantity as determined by an initial laboratory analysis followed by a confirmation analysis of the remaining portion of a split sample is equal to or greater than the following levels:

1. Amphetamines: 1000ng for the initial test and 500ng for the confirmation test.

2. Cannabinoid (marijuana): 100ng for the initial test and 15ng for the confirmation test.
3. Cocaine: 300ng for the initial test and 150ng for the confirmation test.

4. Ethanol: Any amount if detected during the initial test and the confirmation test.

5. Opiates: 300ng for the initial test and 300ng for the confirmation test.

6. Phencyclidine (PCP): 25ng for the initial test and 25ng for the confirmation test.

7. Other Drugs: If a drug test administered pursuant to this policy is intended to detect the presence of drugs other than those listed in paragraphs 1.-6. above, then a determination as to whether such drug test renders a positive result shall be based upon the levels or quantities established for such drugs by the Medical Review Officer (MRO).

D. Penalties - In addition to any disciplinary action that may be applicable pursuant to the Code of Student Conduct, any student athlete whose drug test administered pursuant to this policy renders a positive test result or who otherwise violates this policy shall be punished as follows:

1. First Offense or First Positive Drug Test Result - The student athlete shall be suspended from participation in all interscholastic athletics (including practices) and referred to a school-approved drug assessment and rehabilitation program. His/Her parent(s) will sign the student athlete up and pay the enrollment fee. The student athlete will attend his/her normal classes while enrolled in the program unless he/she is under any disciplinary action set forth by the Code of Student Conduct. The length of the suspension shall be no less than four (4) weeks from notification of the test results. After the student athlete has satisfactorily completed the program, he/she may resume participation in interscholastic athletics under a probationary status with the following conditions:

a. Condition Number 1 - As a condition of probation, the student athlete shall be required to comply with any recommendations resulting from the assessment/counseling conducted as part of the assessment.
CHAPTER 5.00 - STUDENTS

5.81

b. Condition Number 2 - At the conclusion of the assessment/counseling program, the student athlete must pass a second drug test. The cost of this test will be the responsibility of the student athlete and his/her parent(s).

c. Condition Number 3 - As a condition of probation, the student athlete will be subjected to recurring drug tests at times that would not be previously disclosed to the student athlete to deter the student athlete from committing a subsequent violation of this policy.

d. Condition Number 4 - The student athlete shall remain on probation throughout the remainder of the time that he/she is enrolled in school.

2. Subsequent Offense or Subsequent Positive Drug Test Result - Upon determination that a student athlete is guilty of a second or subsequent violation of this policy or has a second or subsequent positive drug test result, the student athlete shall be prohibited from participation in all interscholastic athletics for one (1) full calendar year following the end of the athletic season during which the second offense or second positive drug test occurs. For example, if a football player has a second positive drug test during the middle of the football season, he/she would be prohibited from participating in any interscholastic athletics for the remainder of the season and for one (1) full calendar year thereafter.

III. Drug Testing Procedures

A. Consent - Each student athlete and his/her parent are required to sign a written consent for drug testing form prior to being allowed to participate in interscholastic athletics. Any random drug testing or reasonable suspicion drug testing done throughout the course of the school year will be paid for by the school. Any refusal by a student athlete to be tested shall constitute a violation of this policy.

B. Medication - Student athletes who have been selected for drug testing and who are or have been taking prescription or nonprescription medication should disclose that fact at the time of the drug testing and upon request provide verification. This disclosure may be done by either a copy of the prescription or by the physician's written authorization.
CHAPTER 5.00 - STUDENTS

C. Selection Process - Drug testing of student athletes shall occur at various times throughout the school year on a team and/or individual basis whereby all student athletes participating in a particular sport would be required to undergo drug testing or where individuals would be selected at random using a numerical selection process where each student athlete's name and identity remains unknown until the random selections are complete. The times for team drug testing will be determined by the athletic director. The random selection will occur on a weekly basis throughout the fall, winter, and spring sports seasons. The random drawing of student athletes will be done by the testing agency, which is also the provider of the medical review officer. This process is to ensure fairness and confidentiality for our student athletes. Reasonable suspicion drug testing will occur at the request of the coach based on a belief that student athlete is using or has used drugs in violation of athletic department policy. Re-testing of student athletes following a first offense or first positive drug test result shall occur as specified in paragraph II.D. above.

D. Sample Collection Procedures - Those student athletes who are selected for drug testing shall be required to report to the testing facility immediately after school and produce a urine sample under the supervision of the laboratory technician in a manner which will minimize intrusiveness and embarrassment to the student athlete while also ensuring that there is no tampering with the urine specimen by the student athlete. Each urine sample container will be checked for appropriate temperature and for any signs of tampering and will be sealed and labeled with a number of other means of identification which does not disclose the student athlete's name.

E. Sample Analysis Procedures - The sealed urine sample container will be delivered to the licensed testing facility through a verifiable chain of custody. A portion of the urine sample will then be analyzed by gas chromatography/mass spectrometry (GC/MS) or an equivalent or more accurate scientifically accepted method approved by the Agency for Health Care Administration of the United States Food and Drug Administration as such technology becomes available in a cost effective form. If the initial analysis renders a negative result, then no further analysis will be conducted. If the initial analysis renders a positive result, then a second analysis of the remaining portion of the urine sample will be conducted for confirmation of the positive result. If such confirmation
CHAPTER 5.00 - STUDENTS

5.81

analysis renders a negative result, then the drug test will be deemed negative and no further analysis or action will be taken. If the confirmation analysis renders a positive result, then the drug test result will be deemed positive, and a report of such results will be delivered to the medical review officer bearing only a number to identify the student athlete without the student athlete's name appearing on that report.

F. Medical Review Officer's Procedure - The Medical Review Officer (MRO) will receive all reports of positive drug test results and will be supplied with information to determine the correct name of the student athlete whose identifying number appears on each positive test result report. Prior to verifying a positive drug test result, the MRO shall contact the student athlete whose name coincides with the identifying number on the positive drug test report and that student athlete's parent(s) to afford them the opportunity to discuss the test result confidentially with the MRO and provide the MRO with the student athlete's medical history and any other relevant biomedical information that would assist the MRO in determining whether he/she should verify the drug test result as positive or deem that result to be negative. If the MRO determines that the test result should be deemed negative, then no further action shall be taken and the student athlete's test result along with previous negative test results will be reported to the school principal or his/her designee as a negative result. If the MRO verifies that a positive drug test result as reported by the laboratory is indeed positive, then the MRO will offer (signed form) to the student/parents, the opportunity to have the original sample tested by another laboratory at the student's/parent's expense. This will be the final offer for a re-test. The MRO shall submit that positive drug test result to the student athlete's school principal or his/her designee identifying that student athlete by name so that the appropriate disciplinary action can be taken pursuant to this policy.

Re-testing of student athletes who are on probation because of a previous positive drug test or other violation of this policy shall be processed in the manner described above.

IV. Appeal Procedures - In addition to the opportunity afforded to the student athlete and his/her parents to discuss that student athlete's confirmed positive drug test result with the MRO, a student athlete whose test result has been verified and forwarded by the MRO to the school principal or his/her designee for the imposition of disciplinary actions provided herein or a student athlete facing
CHAPTER 5.00 - STUDENTS

disciplinary actions provided herein as a result of other alleged violations of this policy, shall be entitled to procedural due process as follows:

A. Notice - The principal or his/her designee shall notify the student athlete and his/her parent(s) that the student athlete's positive drug test result has been verified by the MRO or that the student athlete has otherwise violated this policy, describe the disciplinary action to be taken, and advise the student athlete and his/her parent(s) of their right to schedule a due process hearing. This hearing will be scheduled for the following school day.

B. Hearing - If requested by the student athlete or his/her parent(s), the principal shall conduct a hearing within a reasonable period of time. The principal shall render a decision and provide the student athlete and parent with a written record of that decision at the hearing or within three (3) days of the hearing and sanctions shall begin immediately. The principal's decision shall be final and shall not be subject to any further administrative appeal.

A CONSENT TO STUDENT ATHLETE DRUG TESTING is located on the following page.
CHAPTER 5.00 - STUDENTS
CONSENT TO STUDENT ATHLETE DRUG TESTING

I understand that submission to testing for the presence of drugs and alcohol is a condition of participation in interscholastic athletics. I further understand if I refuse to take the test, or if the test establishes a violation of the drug testing policy, I will face disciplinary action set forth by the drug testing policy.

By signing and dating this form I consent to take preseason urinalysis if required and be random tested by draw throughout my sport's season(s). The preseason test, when required, is completed prior to the start of the particular sports season after tryouts are over. The random testing will be done weekly throughout the sports season. The draw for the random testing will be performed by an outside agency with the athletes being notified on the day they are to report for urinalysis. I also understand the provisions of reasonable suspicion.

By signing and dating this form I understand that the costs for the seasonal urinalysis are the athlete's responsibility and all random testing will be paid for by the school. I also understand that the cost for the assessment and rehabilitation program, in the event of a violation of the drug testing policy, is also the responsibility of the athlete.

I hereby consent to the administration of the drug test and to the conditions listed in this consent. By signing and dating this form I attest I have read and understand the attached random drug testing policy.

APPOINTMENT OR EMPLOYMENT REQUIREMENTS 6.17*

Any person desiring employment shall file a completed application on the form provided by the Superintendent.

I. Qualifications

A. Must be of good moral character.

B. Must have attained the age of eighteen (18) years with the exception of students employed by the Board.

C. Must not be ineligible for employment under 1012.315, F.S., if applying for an instructional, administrative or any other position requiring direct contact with students.

II. Certificate Requirements

Each applicant for an instructional or a certificated administrative position shall hold a certificate, have a receipt from the Florida Department of Education acknowledging that an application has been filed and that issuance of the certificate is pending, or have the proper license to perform services.

A. To be considered for a position, an applicant shall be duly qualified for that position in accordance with state law, regulations of the Florida Department of Education and the approved job description. If it appears that the applicant is eligible for proper certification, appointment may be made subject to the conditions set forth in the annual contract of employment as approved by the School Board.

B. Any person not holding a valid Florida certificate at the time of employment shall be required, upon initial employment, to make application to the Florida Department of Education for such a certificate, through the Personnel Services office of the District. When such certificate is received, it must be filed with the office of the Superintendent. If the Department of Education declines to issue a certificate, the person’s employment shall be terminated immediately. Failure to file such certificate, except for good cause as determined by the Superintendent, shall result in the termination of employment.
III. Interviews and Appointments

A. When interviews are conducted by interview teams, including those with community representatives, the team shall reasonably reflect the District’s diverse racial, ethnic, and gender composition.

B. The Superintendent or designee shall monitor and ensure that appointments and assignments are consistent with the District’s intent of maintaining a diverse work force.

IV. Driving Record

A. The driving record of each applicant for the position of school bus operator or for any position that would require the person to drive a School Board vehicle shall be reviewed to determine if the record contains any infractions of the driving code that would make the applicant unqualified for the position in accordance with the District safe driver plan.

B. The driving record of each current school bus operator shall be reviewed prior to the first day of the fall semester and periodically during the school year to determine if the record contains any infractions of the driving code that would make the operator unqualified for the position in accordance with the District safe driver plan. The driving record of any employee who is required to drive a School Board vehicle shall also be reviewed periodically during the year to determine whether the employee may continue in the position.

V. Initial Employment

A. Any offer of employment with the School District is conditioned on submission of fingerprints as required by Florida Statute and a background investigation by the District Criminal Background Check (CBC) committee. After a job offer, but prior to beginning employment with the District, all candidates for all positions must undergo a criminal and employment background check to determine suitability for employment. The application for employment shall inform applicants they are subject to criminal background checks, and advise applicants that failure to be truthful on the application about prior criminal history will be grounds for ineligibility or dismissal from employment.
B. As a condition of employment and prior to beginning work, an applicant who has received a conditional job offer must file a complete set of fingerprints taken by an authorized law enforcement officer or an employee of the District trained to take fingerprints. The fingerprints shall be processed by the Florida Department of Law Enforcement (FDLE) and the Federal Bureau of Investigation (FBI). The applicant shall be required to pay for full costs of processing at the time of fingerprinting.

C. A Criminal Background Check (CBC) committee shall be established to review the criminal history of all persons nominated for initial employment. The CBC committee shall obtain criminal background information for applicants through requests to the Florida Department of Law Enforcement (FDLE) and the Federal Bureau of Investigation (FBI). The CBC committee shall include, but not be limited to, the Director of Personnel Services, the District Equal Employment Opportunity (EEO Officer), and a representative of the County Sheriff’s Department.

D. When the fingerprint or background check reports are returned, the Committee shall review both the application and the report(s) concerning the individual. The CBC committee will compare the information provided by the new employee with the information received from the FDLE and/or the FBI pursuant to Florida Statute.

E. The Superintendent or designee shall conduct employment history checks of applicants for instructional, administrative or any other positions requiring direct contact with students. The employment history check shall include, but not be limited to, screening through the use of educator screening tools described in law and contact with each previous employer. All finds shall be documented. If the Superintendent is unable to contact a previous employer, he/she shall document all efforts to contact the previous employer. For all other applicants, the CBC committee or its designee shall contact or attempt to contact all prior employers for a minimum of the past ten (10) years and all private or public educational institutions by which the applicant was previously employed while age eighteen (18) or older. The committee shall document all attempts to contact previous employers.

F. No applicant who has received a conditional job offer shall begin work before their fingerprints are processed, the criminal and pre-employment investigation is completed, and a determination is rendered as to suitability.
for employment.

G. Based upon the facts of an application, criminal background check or other valid or reliable data sources, applicants who are, or have been convicted of certain serious offenses may be denied employment by the School District. As used in this section the term conviction is defined as a finding of guilt, a plea of guilty, or a plea of \textit{nolo contendere}, or a verdict of guilty. The withholding of adjudication or the entry of an order sealing or expunging the record requiring a pre-trial intervention or pre-trial diversion shall not be considered an exception to this section. Other information derived from the pre-employment investigation, which indicates the applicant may not be suitable for employment by the School District, may be grounds for denying employment to an applicant.

H. An applicant shall be disqualified from employment in any position requiring direct contact with students if he/she is ineligible for employment under 1012.315, F.S.

I. Any instructional or noninstructional persons under contract to the School District to operate student programs, student teachers, persons participating in short-term teacher assistance experiences or field experiences who have direct contact with students must meet the requirements of V.A., B., E. and F. Such persons may not be in direct contact with students if ineligible under 1012.315, F.S.

VI. Current Employees

A. Whenever a personnel investigation of a complaint against an employee is required, a criminal background check may be conducted as part of the investigation.

B. If it is discovered during the period of employment that a regular employee has a prior criminal record and that the employee was requested to provide this information at the time of hire, but did not do so, the employee may be subject to disciplinary action, including dismissal for submitting false information on the employment application, or otherwise having misled the District.
C. If it is discovered during the period of employment that an employee has a prior criminal record and no falsification of an application nor attempt to mislead occurred, the record shall be reviewed by the CBC Committee. The committee shall consider all information, including any mitigating conditions, and report findings of fact, possible mitigating circumstances and recommendations for action to the Superintendent. The employee shall have the opportunity to respond in writing to the findings and recommendation. The Superintendent shall review the record, recommendation and response before taking appropriate action. Appeal of the Superintendent’s action shall follow collective bargaining agreements or School Board Policy, as appropriate.

Instructional personnel and noninstructional or contractual personnel who have direct contact with students or have access to or control of school funds must meet the screening requirements described in law every five (5) years. Personnel whose fingerprints have not been maintained by the Department of Law Enforcement are required to be refingerprinted.

VI. Acceptance of Appointment

Failure to signify acceptance of appointment within ten (10) days after receipt of the official notice of appointment shall be considered a rejection of the offer and the position shall be declared vacant.

VII. Reconsideration and Appeal

Applicants who have been denied employment, and probationary employees who have been denied permanent employment, on the basis of their criminal record and/or background check, may request reconsideration by the CBC Committee only if they present new information not previously available to the committee.

Applicants who have been denied employment, and probationary employees who have denied permanent employment, because of their criminal record, drug screening and/or background check, may appeal to the Superintendent. Applicants and probationary employees shall receive written notice of the right to appeal the decision by the CBC committee to the Superintendent. Their appeal must be in writing, and may respond to
the findings and decision of the CBC Committee. If new information is to be submitted, the applicant must first request reconsideration by the CBC Committee. The Superintendent’s decision shall be final.

The District shall ensure that all aspects of the recruitment and selection process are job-related and are consistent with business necessity so as to ensure equal employment opportunity. Neither the District nor its agents shall engage in any discrimination with respect to employment in violation of any state or federal laws. Applicants shall be informed of the complaint procedure that may be used should they allege discrimination.

GRIEVANCE PROCEDURE FOR PERSONNEL 6.35*

The Board and the Superintendent recognize that good morale among its employees is necessary. Problems are solved as they arise by sincere efforts of all persons concerned to work toward constructive solutions of such problems in an atmosphere of courtesy and cooperation. Whenever an employee feels that he/she has a complaint, every effort is to be made to arrive at a satisfactory resolution of the problem on an informal basis. When this cannot be done, employees not covered by a collective bargaining complaint procedure, can resort to the more formal procedures as provided herein.

I. Definitions:

A. “Complaint” shall mean any dispute or disagreement involving the interpretation or application of any existing Board rule or practice. It does not include disputes involving the interpretation or application of a collective bargaining agreement, or any provision thereof. Such disputes must be resolved through the grievance procedure in the bargaining agreement.

B. “Complainant” shall mean any employee, or group of employees, directly affected by the alleged misinterpretation or violation, filing a complaint.

C. “Employer” shall mean the School Board or its representatives.

IV. Complaint Procedure:

A. Informal discussion – If an employee believes there is a basis for complaint, he/she shall discuss the complaint with his/her immediate supervisor within five (5) days of the occurrence of the alleged violation.
CHAPTER 6.00 - PERSONNEL

B. Level one – If the complainant is not satisfied with the informal resolution he/she may, within ten (10) days, file a formal complaint on the proper form and deliver it to his/her immediate supervisor. The Supervisor shall communicate his/her answer in writing to the complainant within ten (10) days after receipt of the complaint. Class complaints involving more than one (1) supervisor and complaints involving an administrator above the building level may be filed by the complainant at level two.

TRANSPORTATION EMPLOYEE DRUG AND ALCOHOL TESTING

This policy is intended to deter the use of drugs and alcohol in the workplace by establishing standard procedures for drug and alcohol testing for all employees required to hold a Commercial Drivers’ License (CDL).

Employers of persons performing safety sensitive functions and holding commercial drivers’ licenses are required to implement a drug and alcohol testing program pursuant to the Omnibus Transportation Employee Testing Act of 1991 (OTETA), (Pub. L. 102-143, Title V), regulations of the Federal Highway Administration (FHWA) at 49 CFR Parts 40 and 382, and 1012.45, Florida Statutes.

I. Definitions as Used in This Policy

*Prohibited Substances or Drugs* means any illegal drug or substance as identified in Schedules I through V of Section 202 of the Controlled Substance Act (21 USC §812) and by regulations at 21 CFR §§1308.11-.15, including, but not limited to, marijuana, amphetamines, opiates, phencyclidine (PCP), and cocaine. Prohibited use includes both use of any illegal drug, and misuse of legally prescribed or obtained prescription drugs.

*Alcohol Use* means the consumption of any beverage, mixture or preparation containing alcohol, including any medication or product.

*Covered Employees* means those School Board employees who are required to hold a commercial drivers’ License as a condition of employment and in which a driver operates

- a vehicle designed to carry 16 or more passengers,
- a vehicle which weights more than 26,000 pounds, or
- a vehicle which carries a placard indicating hazardous cargo.

*Program Manager* means the staff person designated by the Superintendent as OTETA program manager.

*Safety-sensitive function or safety sensitive position* means all job responsibilities of a covered employee from the time he or she begins to work or is required to be in readiness for work until the time he or she is relieved from work.
CHAPTER 6.00 - PERSONNEL

Medical Review Officer or MRO means a physician with knowledge of substance abuse disorders and who has appropriate medical training to interpret and evaluate laboratory positive drug test results in a confidential manner, in conjunction with or without an individual medical history and any other relevant biomedical information, to determine alternative medical explanations for positive drug test results.

II. Treatment and Notice Requirements

A. Notice to Affected Employees – The Board will inform all covered employees prior to conducting drug and alcohol testing and provide the reasons for conducting the test(s). The Board will provide written notice of the required to covered employees.

B. Education and training – The Board will provide educational materials that explain the requirements of the program and its policies and procedures with respect to meeting the requirements.

C. Treatment Information – Each covered employee who engages in prohibited conduct shall be evaluated by a substance abuse professional who shall determine what assistance, if any, the employee needs to resolve problems associated with use of prohibited drugs or alcohol misuse. The employee is responsible for all costs associated with evaluation and/or treatment.

D. Self-referral – An employee with a substance abuse problem may refer to himself/herself to the Employee Assistance Program via the program manager at any time prior to receiving notice of a required alcohol or drug test. Such an employee will be granted a leave and be required to successfully complete a rehabilitation program prior to returning to a safety-sensitive position.

III. Prohibited Conduct

A. Prohibited Substance or Drugs – No covered employee shall report for duty or remain on duty requiring the performance of safety-sensitive functions when the driver uses any controlled substance. The employee must provide advance notice to the supervisor of the use of prescribed therapeutic drugs that cause symptoms such as drowsiness and excitedness.
B. Alcohol - No driver shall report for duty or remain on duty requiring the performance of safety-sensitive functions while having a blood alcohol concentration of (BAC) of .02 or greater. The use of alcohol is prohibited during the duty day, and for four hours prior to reporting for duty. The consumption of alcohol is also prohibited for up to eight hours, or until tested, following an accident as described in post-accident testing below. While operating a vehicle, covered employees may not have any item in their possession which contains alcohol, unless that item is a part of the vehicle’s official inventory. Alcohol-free medications are available, and covered employees should advise their physicians of the need for such substitutes.

C. Refusal to Test – No employee shall refuse to submit to a required test, delay reporting for a test, or attempt to adulterate test results. Any of the above shall be considered a positive test, in accordance with FHWA regulations, and a violation of this policy.

Medical Review Officer Contact – No employee may refuse to contact the MRO. All initial positive drug tests must be reviewed and confirmed by an MRO. The results are discussed with the employee prior to being reported to the district. If the MRO is unable to contact the employee, the program manager will be notified. When the employee is contacted by the program manager or a designee, the employee must call the MRO immediately.

IV. Consequences of Engaging in Prohibited Conduct

A. Removal from Work – Covered employees with a confirmed positive test for alcohol or controlled substances are in violation of Board policy and will immediately be removed from safety-sensitive positions, placed on leave without pay, and provided a list of substance abuse professionals (SAP). Upon submission of a written substance abuse treatment plan from a SAP, licensed physician or counselor and enrollment in an out-patient or in-patient treatment program, the employee may be granted paid leave, if accrued leave is available, after entering into a rehabilitation contract with the Board.

Failure to contact the MRO upon notification shall be considered a violation of this policy. The employee shall be removed from the safety-sensitive position and shall be subject to disciplinary action up to and including termination.
B. Rehabilitation Program, Return-to-Duty Test – Prior to returning to work the employee must provide written documentation of an evaluation by a SAP; the successful completion of a rehabilitation program, if recommended by the SAP; and a negative return-to-duty, alcohol and/or drug test.

C. Stand-down from Work – An employee with a BAC of .02 or higher shall be immediately removed from the safety-sensitive position for a minimum of twenty-four (24) hours and placed on leave without pay. Prior to returning to work, the employee must have a negative return-to-duty alcohol test.

D. Recommendation for Termination – Termination of employment will be recommended for any employee who

- fails to be evaluated by a SAP or fails to successfully complete a substance abuse rehabilitation program; or
- has a second positive test for alcohol and/or controlled or illegal substances; or
- fails to submit to any required alcohol or drug test.

V. Testing, Analysis, and Results

The Board intends to comply with all alcohol and controlled-substance testing procedures contained in 49 CFR Parts 382, 392, and 395. The School Board recognizes the need to protest individual dignity, privacy, and confidentiality in the alcohol and drug testing program. Specimen analysis shall be conducted in a manner to assure a high degree of accuracy and reliability, using laboratory facilities which are certified by the U.S. Department of Health and Human Services and the Florida Agency for Health Care Administration.

The following are conditions upon which testing may be conducted as required by Federal regulations or when circumstances warrant:

A. Pre-employment Testing – All applicants for employment for positions requiring a Commercial Driver’s License (CDL) shall undergo testing prior to employment except as otherwise specified pursuant to 49 CFR §382.301(c). Written documentation must be provided by the candidate for employment to substantiate any exception.
B. Reasonable Suspicion Testing – A supervisor or designee outside the bargaining unit who has been trained in accordance with the requirements of FHWA regulations shall require a driver to submit an alcohol or drug test when the supervisor or designee has reasonable suspicion to believe that a driver has violated the prohibitions contained in the FHWA regulations and this policy.

Reasonable suspicion must be based on documented objective facts and circumstances which are consistent with the long- and short-term effects of alcohol or substance abuse, including, but not limited to, physical signs and symptoms, appearance, behavior, speech and/or body odor.

C. Post-accident Testing – Alcohol or drug testing will be administered following an accident when the driver was performing a safety-sensitive function. For this purpose, accident is defined by the FHWA to include at least one of the following criteria:

- Loss of human life;
- Driver received a citation from a law enforcement officer and either a driver or passenger received immediate medical treatment away from the scene of the accident; or
- One of the vehicles involved was to be towed from the scene of the accident due to operational impairment.

Such testing must be conducted within the time limits set forth in the FHWA regulation.

D. Random Testing – All Covered employees shall be subject to random, unannounced drug and alcohol testing. The annual random rate for alcohol testing shall be twenty-five percent (25%) of the covered employees. The annual random rate for controlled substance testing shall be fifty percent (50%) of the covered employees.

Alcohol testing shall take place before, during, or after driving, and within reasonable proximity to driving. When an employee tests positive for alcohol, a second test shall be performed no less than fifteen (15) minutes and not more than (20) minutes later. The results of the second test shall be controlled. Drug testing may take place at any time during the Board’s regular work day.
E. Follow-up Testing – Unannounced follow-up alcohol and/or controlled substance testing as directed by a SAP in accordance with FHWA regulations shall occur when it is determined that a covered employee is in need of assistance in resolving problems associated with alcohol misuse and/or use of drugs. The number and frequency of follow-up testing shall be determined by the SAP, with a minimum of six (6) tests within a year.

F. Split Sample Test – An employee who tests positive for a controlled substance may request that a test of the split sample be conducted. The second test will be conducted by a different laboratory, as selected by the employee from a list provided by the Board. The employee shall be responsible for pre-payment of the second test by certified check or money order. However, in the event the second test is negative, the Board will reimburse the employee. If performed, the second test shall be controlling.

All drug testing with the exception of employee requested tests, shall be at the expense of the School Board.

PURCHASING AND BIDDING 7.70*

The School Board recognizes that maximum economy and efficiency are best achieved through a centralized purchasing function, which includes warehousing and distribution. All purchases of materials, supplies, equipment, and services paid from School District funds shall be the responsibility of the Chief Financial Officer or designee under the general supervision of the Superintendent.

When the funding source is state/local funds, the Superintendent may make purchases or may approve purchases of the Chief Financial Officer or designee, functioning under his or her direction, of goods and services where the amount does not exceed the bid limit that is specified in State Board of Education rule 6A-1.012(7). When the funding source is Federal funds, the limits observed are those specified in the Uniform Grant Guidance, Section 200.320.

No person, unless authorized to do so by the Board or authorized under its duly adopted regulations, may make any purchase involving the use of school funds. The payment of any unauthorized purchases shall be the sole responsibility of the person placing the order.

I. Purchases - All purchases made from School District funds shall be in accordance with all applicable Florida Statutes, State Board of Education rules, State Department of Agriculture and Consumer Services rules, School Board rules, and administrative procedures and may include approved state online procurement. The District shall recognize purchasing terms as defined by law and rule.

All purchases made from Federal funds shall be in accordance with all applicable Federal Statutes, regulations and guidance.

A. Requisitions - Each purchase order shall be based upon a requisition originating from the principal or District department head. Each requisition or contract shall be properly financed, budgeted, and encumbered prior to issuing a purchase order. All requisitions that are not approved will be returned immediately to the originator with the explanation of why they were not approved. Under extreme emergencies, the Chief Financial Officer or designee may grant permission for a purchase without a requisition, provided that any emergency purchase shall be followed immediately with an emergency requisition. A purchase shall not precede a requisition except under emergency provisions or when using a procurement card.

B. Procurement Card –If and when the District establishes a procurement card program, the District procurement card will be used for all small purchases of goods and services under the amount listed for goods qualifying as property in 274.02, F.S. or micropurchases in the Federal Uniform Grant Guidance. Exceptions will be made at the discretion of the Chief Financial Officer or designee.
II. Competitive Bids and Proposals - The Chief Financial Officer or designee shall be responsible for continually estimating the needs of the school system and making quantity purchases accordingly. Standard lists of supplies and equipment shall be developed in all areas possible. All purchases where the item or group of items exceeds the amount stipulated in State Board of Education rule 6A-1.012 shall be made on the basis of competitive sealed bids and proposals, except in emergencies as provided herein. Bids or proposals shall be requested from three (3) or more sources for any item or group of similar items purchased from school funds, including internal funds that exceed the amount specified in State Board of Education rule 6A-1.012. All items exempt from bid and quotation procedures by 287.057, F.S., and State Board of Education rule 6A-1.012 shall be exempt from School Board purchasing and bidding rules when the fund source is state or local funds. State purchasing contracts or approved state online procurement shall be used in lieu of bids when it is to the advantage of the School Board. The Board will, however, be informed of all purchases exempt from the bid process when the amount exceeds the bid limit.

A. Bid and Proposal Procedures for commodities or non-instructional services and equipment - Purchases made through bids and proposals shall be based upon justification and specifications which are clear, complete, definite and certain as to character and quality and shall conform to standard specifications for the various classes of supplies, materials, parts, services, or equipment desired. Such specifications shall be conducive to securing the best possible price for the highest quality product or service which best meets the needs of the School District. Specifications shall be as open as possible. Invitations to bid shall include but not be limited to the following:

1. Date, time, and place of bids and proposals;
2. Procedures for presenting bids and proposals;

sealed bids shall not be accepted. Bids or proposals received by mail shall be stamped with the time and date received. Alterations written on the outside of a bid or proposal shall not be accepted. All bid openings shall be open to the public.

2. The Superintendent or designee shall have the responsibility for soliciting the assistance of the District administrative and instructional staff and the school employees who use the products to assist in the preparation of specifications and evaluation of bids and proposals.

3. The purchasing department may maintain a list of active bidders to facilitate the purchasing function; however, the purchasing department shall not be required to notify specific bidders of upcoming bid opportunities.

4. Bids or proposals shall be requested from at least three (3) appropriate sources for each authorized purchase. All bids shall be signed in ink or indelible pencil.

5. No bid or proposal may be withdrawn after submission except with Board approval based on the recommendation of the Superintendent. Such recommendation shall specify the basis for allowing the withdrawal. After formal award by the Board, no bid may be withdrawn by a bidder except for a material error, as determined by the Board.

6. Recommendations to the Board for action shall be determined on the basis of the lowest responsible qualified bid or proposal which meets specifications with consideration being given to the specific quality of the product, its conformity to the specifications, its suitability to District needs, the delivery terms, and the service and past performance of the vendor.

7. Sealed bids, proposals or replies in response to a competitive solicitation shall be exempt from public inspection or copying as provided in §119.071, F.S. When documents are no longer exempt, they may be inspected and copied. In no case may the original copies be removed from the custody of the purchasing department.

8. The School Board will accept the lowest and best bid that is in the best interest of the Board and meets specifications, not necessarily representing the actual lowest price offered. 9. The District may award contracts to the lowest, responsible bidder as the primary awardee and to the next lowest and responsible bidder(s) as

12. The Board, in its sole discretion, may waive minor irregularities in bids or may reject all bids or proposals.

C. Electronic Bidding - Electronic bidding may be utilized when it is determined to be in the best interest of the District. All requirements for advance notification of bid specifications and date and time of bidding shall be met. Multiple awards may be made provided that the solicitation documents clearly state this option.

D. Emergency Situations - Occasionally, situations arise which necessitate immediate action in order to ensure the health and safety of students and staff, or to keep a facility in operation. In such cases, at the determination of the Superintendent, the normal procedures may be waived and all Board members will be notified of such action as soon as practicable.

The purchasing department shall be required to make telephone contacts to request quotations, determine availability and ability to deliver services or products in a timely manner. All such contacts must be documented and followed by written bids from those contacted. The Superintendent shall be given all facts relating to the problem and a recommendation for the purchases necessary to resolve the problem. Upon the Superintendent’s approval, the lowest and best bidder will be given authorization to proceed. A formal tabulation, giving complete details and justification, shall be submitted at the next regular Board meeting for ratification.

If the Superintendent determines in writing that the time required to obtain pricing information will enhance the emergency situation, the emergency purchase may be made without quotations.

E. Bid protests shall be filed in accordance with 120.57(3), F.S. Any person who files an action protesting a decision pertaining to contracts administered by the board shall post at the time of filing the formal written protest a bond payable to the board in the amount equal to five percent (5%) of the estimated amount of the contract or ten thousand dollars ($10,000), whichever is greater, not to exceed twenty-five thousand dollars ($25,000), which bond shall be conditioned upon the payment of all costs which

may be adjudged against him or her in the administrative hearing in which the action is brought and in any subsequent appellate court proceeding.

III. Quotes are not required for items excluded from the bid procedure by 287.057, F.S. and State Board of Education rule 6A-1.012. The Chief Financial Officer or designee has the authority to require quotes for any purchase.

IV. Purchase of Food and Nonfood Items for the Food Service Program
The Superintendent shall develop and prescribe a Competitive Procurement Plan or approved state online procurement for purchasing food and nonfood supply items for the school food service program. The plan shall provide for various types of selection procedures as alternatives to the bidding requirements prescribed herein. Bidding requirements specified in this rule shall be waived if they conflict or are inconsistent with the plan.

A commodity or contractual service that is available from a single source may be exempted from requirements for competitive solicitation provided that the District posts notice of its intent to purchase a specific item or service and subsequently posts notice of its intent to enter a single source contract.

VII. Bid and Proposal Procedures for products or services funded with Federal funds

A. Purchases made through bids and proposals shall be based upon justification and specifications which are clear, complete, definite and certain as to character and quality and shall conform to standard specifications for the various classes of supplies, materials, parts, services, or equipment desired. Such specifications shall be conducive to securing the best possible price for the highest quality product or service which best meets the needs of the School District. Specifications shall be as open as possible.

The District shall avoid situations that unnecessarily restrict competition, as defined in 2 CFR 200.319.

Persons or organizations that develop or draft specifications, requirements, statement of work, and/or invitations for bids, Requests for Proposals or Invitations to Negotiate must be excluded from competing for such procurements.

Invitations to bid, Requests for Proposals and Invitations to Negotiate shall include but not be limited to the following:

5. No bid or proposal may be withdrawn after submission except with Board approval based on the recommendation of the Superintendent. 7. Sealed bids, proposals or replies in response to a competitive solicitation shall be exempt from public inspection or copying as provided in §119.071, F.S. When documents are no longer exempt, they may be inspected and copied. In no case may the original copies be removed from the custody of the purchasing department.

II. Pre-qualification - The Superintendent shall, by letter, inform not less than five (5) firms of the type of service desired by the School Board and shall determine whether or not such firms have an interest in qualifying to render such services when needed. The Superintendent shall continue his efforts until at least three (3) firms have indicated an interest. There shall be a list of pre-qualified firms for each of the specialized areas of professional services enumerated in Florida Statutes.

A. Upon receipt of notice of interest, the Superintendent shall request the firm to furnish the following information:

1. A full and complete statement of qualifications and capabilities;
2. Number of years in business;
3. Location of firm’s office nearest the county seat;
4. The membership of the firm’s staff and the special qualifications of the person or persons who would render the type of service desired; and,
5. The names and address of at least three (3) school boards or other agencies for whom similar services have been performed within the last five (5) years and the date and the specific service rendered in each case.

B. Within thirty (30) days following indication of interest, the Superintendent shall complete the file on each firm. In addition to the information filed by the agency or firm, the Superintendent shall obtain a written evaluation from at least three (3) agencies for which such service has been rendered. Any firm which pre-qualifies under this rule shall file an annual statement of qualifications and performance data and thereby keep its file current.
CHAPTER 7.00 - BUSINESS SERVICES

C. Any firm which has furnished the information prescribed in this subsection shall be sent a copy of the legal notice when service in the firm’s area of specialty is to be contracted.

III. Public Notice and Applications - Where the Board by official action determines that it will enter into a contract for such professional services, the Superintendent shall cause to be published once each week for three (3) successive weeks in the local newspaper a public notice stating the type of professional services desired, giving a general description of the project, and stating how an interested firm may apply and the deadline for applications.

A. Each firm which pre-qualifies, as provided in section II. of this rule, shall be sent a copy of the public notice together with a request that an application be filed if the firm desires to be considered.

B. Each firm which files an application and which has not pre-qualified shall be required to complete the information required in section II. of this rule within ten (10) days following the deadline for making applications.

IV. Rating of Applications - Based on the data filed by each applicant firm and the follow up data obtained by the Superintendent, the School Board will determine the order in which the applicants will be arranged for negotiation purposes.

A. To facilitate the selection process, the Superintendent shall prepare a full and complete summary report on each applicant firm.

B. Based on data available and its best judgment, the School Board will select the three (3) firms most qualified to perform the desired professional services and will rate them as first, second, and third most qualified for negotiation purposes.

V. Negotiations - Subsequent to the above determination, the School Board will notify the firm rated as first most qualified and establish a date for the firm to make its presentation and to enter into negotiations with the Board for the professional services.

A. If the Board cannot obtain a fair, reasonable and competitive price for which the professional services will be rendered by such firm, negotiations shall be formally terminated by the Board. The Board will then undertake negotiations with the firm rated second most qualified. If an accord cannot
be reached with this firm, negotiations will be formally terminated, and the Board will then undertake negotiations with the firm rated third most qualified.

B. If the Board is unable to negotiate an acceptable contract with any one (1) of the first three (3) firms, it will select from among the remaining applicants in the order of competence and qualifications and continue its negotiations, provided, that such firms are considered competent to perform the services desired.

VI. Special Assistance - Where the professional service contract will require a fee in excess of twenty-five thousand dollars ($25,000), the Department of Transportation or the Department of General Services will be requested to provide assistance in selecting a consultant for professional services; provided that the School Board after three (3) attempts has not obtained a reasonable, fair, and competitive price.

VII. Contracts - Any contract entered into by the School Board for professional services, as provided herein, shall include a prohibition against contingent fees.

VIII. Single Source Contractual Services - A contractual service that is available from a single source may be exempted from requirements for competitive solicitation provided that the District posts notice of its intent to purchase a specific service and subsequently posts notice of its intent to enter a single source contract.

STUDENT TRANSPORTATION 8.31*

Each student who is transported shall be entitled to free transportation provided he/she abides by the rules of safety and behavior necessary to operate the District’s transportation system. Serious infraction of these rules may result in the loss of the student’s privilege. The student’s parent(s), as defined by Florida Statutes, shall be responsible for making sure the student abides by the rules or for providing the student’s transportation. Suspension from a bus shall not affect the attendance laws and rules.

I. Any student who resides two (2) or more miles from his/her designated school by the most direct traveled route is eligible to ride the school bus to and from that school. These students shall be reported for funding purposes. Under the following conditions, students who reside within two (2) miles of the designated school may be eligible to ride the school bus.

A. Special authorization is granted by the School Board.

B. An exceptional student not requiring special care may ride a school bus regardless of distance from home to school upon furnishing a statement from the director of exceptional students or designee certifying that the student is handicapped and is unable to walk to school.

II. A student who is eligible for transportation and resides beyond the accessibility of a school bus may be provided transportation by payment from the School Board to the parent(s) for use of a private automobile or other conveyance for this purpose.

III. The School Board may cooperate with other school districts to provide transportation for students.

A. When it is practical to extend a school bus route to serve any territory located in another school district, the School Board shall enter into an agreement with the School Board of the other district to provide transportation services to students residing in the adjacent school district. Any such agreement shall be recorded in the official School Board minutes of each school board. The agreement shall state in detail the responsibility of each school board for operating the school bus and maintaining a daily schedule.

B. Whenever a school bus crosses a school district line, all rules of the School Board shall apply to students transported by the said school board unless otherwise stated in the agreement between the school boards.
IV. Only a student who is regularly enrolled as a transported student and whose name appears on the bus driver's handbook for that bus shall be permitted to ride such bus while it is being operated on a regular school bus route except upon the written request of the transportation supervisor. Such approval may be granted only when the student's welfare is involved due to an emergency condition in the home. When an emergency condition exceeds five (5) school days, the Superintendent’s approval shall be required. Approval shall not be allowed for:

A. Student visitation, unless duly authorized; or

B. A student to obtain transportation to his/her regular place of employment.

V. No person shall be eligible for transportation on a field trip or extracurricular school trip unless he/she is authorized by the principal or designee.

VI. Maximum regard for the safety of students and due consideration for the protection of health of all students transported shall be primary requirements in the routing of buses, establishing student stops, appointing drivers, and in providing and operating transportation equipment.

VII. A student who arrives early or remains late because of transportation service shall be under school supervision at all times and shall, if practicable, have a planned schedule of activities. The principal shall be responsible for providing such supervision.

VIII. Each route shall be planned and adjusted as nearly as possible to the bus capacity. Travel each morning and afternoon shall be considered in planning and establishing bus routes and, so far as practical, not exceed fifty (50) minutes for elementary students and sixty (60) minutes for secondary students.

IX. Periodically student transportation routes and student walking conditions shall be reviewed to determine if hazardous conditions exist. Appropriate requests for designation of hazardous conditions shall be provided as required by state law or State Board of Education rules.

BUS ROUTES 8.32

I. Designation of Bus Routes - The School Board shall delegate to the Superintendent authority to designate the route to be traveled regularly by each school bus. Each such route shall meet the following requirements:

A. The route shall be planned, scheduled, and adjusted to the capacity of the bus to serve students whose homes are beyond a reasonable walking distance from the school center to which they are assigned, except as otherwise provided by Florida Statutes and State Board of Education rules. The routing and scheduling of buses shall be planned to eliminate the necessity for students to stand while the bus is in motion. In emergency situations where the number of transported students in a bus exceeds the rated seating capacity, the bus shall proceed at such a reduced rate of speed to maximize students' safety.

B. Designated school bus routes shall be restricted to those areas where road conditions, bridge capacities, and the number of transported students allow such service to be economically feasible and practicable.

C. A route shall not be extended for the purpose of accommodating students whose homes are within a reasonable walking distance by a shorter or more economical route which is available to serve the students.

D. School bus routes shall, insofar as possible, be restricted to main routes and county-maintained roads.

E. A suitable turning area shall be available for any route requiring a bus to be turned around.

F. Only one (1) bus shall be assigned students on any given route unless the school schedules necessitate a dual assignment of buses.

G. Student loading and unloading stops shall be established at least one quarter of a mile (1,320 feet) apart; provided, however, stops may be closer than one quarter of a mile when students' safety and welfare are involved.

H. The location of each bus stop will conform to the requirements of Florida Statutes.

II. Spur Routes - A spur route shall exist only when an extremely hazardous condition is present, requiring the bus to deviate from the main trunk.
III. Change in Routes - School bus operators shall not discontinue stops, begin new stops, or otherwise change a route without prior approval of the Superintendent or designee.

IV. Other Provisions - Students who are approved to attend a District school which is not located in their assigned attendance area shall be ineligible for transportation provided by the School Board except as otherwise permitted by controlling regulations.

V. As a bus route becomes available, a bus operator who is already employed with the Holmes District School system will be given first consideration to transfer to that route based on number of years of experience and continuous service in Holmes County.

The Board will normally use school buses, as defined in Florida Statutes, for all regular transportation of students, prekindergarten through grade 12. *Regular transportation* or *regular use* means to and from school or school-related activities which are part of a scheduled series or sequence of events to the same location. Regular transportation of students in motor vehicles other than school buses may occur only under the following conditions:

A. When transportation is for a physically handicapped or isolated student and the Board has entered into a written agreement for the transportation of the student.

B. When the transportation is part of a comprehensive contract for a specialized educational program between the Board and a service provider for instruction, transportation and other services.

C. When the transportation is provided through a public transit system.

D. When transportation is for trips to and from school sites or agricultural education sites.

E. When transportation is for trips to and from agriculture related events or competitions.

II. Except as provided in section I., the transportation of students in private vehicles may be authorized by the principal on a case-by-case basis only under the following conditions:

A. When a student is ill or injured and must be taken home or to a medical treatment facility under nonemergency circumstances and

1. The school has been unable to contact the student’s parent, as defined by Florida Statutes, or the parent or responsible adult designated by the parent is not available to provide the transportation;

2. Proper adult supervision of the student is available at the location to which the student is being transported;

3. The transportation is approved by the school principal or designee; and
4. If the school has been unable to contact the parent prior to the transportation, the school continues to attempt to contact the parent until the school is able to notify the parent of the transportation and the circumstances.

B. When the transportation is in connection with a school function or event in which the school has undertaken to participate and

1. The function is a single event which is not part of a scheduled series or sequence of events to the same location, such as, but not limited to, a field trip, recreational outing, a competitive or cooperative event, or an event connected to an educational program; and

2. Transportation is not available, as a practical matter, using a school bus or school board passenger car; and

3. Each student’s parent is notified in writing about the transportation arrangement and gives written consent before a student is transported in a private vehicle.

C. When Board employees are required to use their own vehicle to perform duties of employment, and such duties include the occasional transportation of students.

III. A private vehicle used to transport students shall be a passenger car or multipurpose passenger vehicle or truck, as defined by federal law, designed to transport fewer than ten (10) students.

IV. Any private vehicles used to transport students under this policy shall be currently registered in the state of Florida, be insured for personal injury protection and property damage liability in at least the minimum amounts required by law, and be in good working order. A person wishing to transport students in a private vehicle will request approval by submitting his/her driver’s license, vehicle registration and insurance identification card, to the principal in a reasonable amount of time before the planned travel. The principal will examine the driver’s license, vehicle registration and insurance card, and determine that the driver meets the requirements of the District safe driver plan. The principal may, in his or her discretion, give approval for the transportation of students in the private vehicles as requested.
V. Student transportation in private vehicles may only be authorized for trips within the state of Florida. When transportation is authorized in a private vehicle, students may only be transported in designated seating positions and shall be required to use the occupant crash protection system provided by the vehicle manufacturer. A student who is transported to an activity in a private vehicle approved under this policy shall return from the activity in the same vehicle, unless the student is released to his/her parent.

VI. Employees will be covered by the Board’s liability program when they are transporting students as part of their assigned or related duties. Benefits due from private vehicle insurance will be primary, except for workers’ compensation, in accordance with state law.

VII. Notwithstanding any other provision of this policy, in an emergency situation which constitutes an imminent threat to student health or safety, school personnel may take whatever action is necessary under the circumstances to protect students.

SCHOOL CONSTRUCTION BIDS 8.50*

I. All school construction bids shall be the immediate responsibility of the Superintendent or designee. All applicable Florida Statutes, State Board of Education rules, and School Board rules shall be observed in school construction bid procedures.

II. The Superintendent or designee shall be responsible for preparing the legal notice for bids and shall determine that such notice meets the requirements of Florida Statutes and State Board of Education rules and contains the information needed by the prospective bidders to include the following:

A. Date, time and place relating to submitting of bids;
B. Pre-qualifications of bidder;
C. Procedures for presenting bids;
D. Conditions and terms for receiving bids;
E. Procedures to be followed in opening and presenting bids to the School Board; and,
F. Conditions for awarding contracts based on bids.

III. The advertisement for bids shall be published in at least one (1) local newspaper having circulation in the district. Such advertisement shall be published at least once each week for three (3) consecutive weeks and the last notice shall appear at least one (1) week prior to the opening of bids.

IV. In addition to the publishing of the advertisement for bids, the bid documents shall be sent to at least three (3) prospective bidders. The advertisement or specifications shall not specify the use of materials or systems by a sole source.

V. Bid bonds shall be required on new construction and any renovations or remodeling exceeding twenty-five thousand dollars ($25,000.00).

VI. These provisions shall be followed for construction bids:

A. The bid time and date shall be established by the School Board after the Superintendent’s recommendation.
B. Bids shall be opened at the designated time in the invitation to bid. At the designated time, the person presiding shall inquire if all bids have been
CHAPTER 8.00 - AUXILIARY SERVICES

received; no other bids shall be accepted and no bid may be withdrawn after
the deadline. Negligence on the part of the bidder in preparing the bid shall
confer no right for withdrawal after the designated time for opening of bids.
Bids by telegram shall not be accepted nor shall any other type of bid be
accepted which cannot be classified as a sealed bid. Bids received by mail
shall be stamped with the time and date received by the Purchasing office.

C. All bids shall be opened, read aloud, and recorded in the presence of all
persons.

D. Each bid shall be accompanied by a bid bond, a certified check, or a
cashier’s check in an amount equal to five percent (5%) of the total amount
of the bid. Failure to include such bond shall automatically disqualify the
bid from further consideration.

E. The board will consider all bids received and within the time limit stated in

the lowest and best bid with preference to materials, contracts, builders,
architects, and laborers who reside within the county and state, whenever
such materials can be purchased at no greater expense.

F. When a construction contract has been awarded to a contractor on the basis
of proper bids, payments on that contract shall be made on a scheduled
basis in an amount approved by the architect. This amount shall consider
the ten percent (10%) hold-back required by Florida Statutes. Upon
completion of the construction, the final payment shall be made only on the
School Board’s approval after proper inspection of the facilities.

VII. The specifications for construction bids may not be written to limit any purchase of
systems or materials to a specific brand or a single source of supply, unless the
School Board, after consideration of all available alternative materials and system,
determines that the specifications of a sole material or system is justifiable, based
upon its cost interchangeability.

VIII. All bid requests shall include a notification to bidders that failure to file a bid protest
within the time and in the manner prescribed by School Board rule shall constitute
a waiver of any further right to protest such bid award.

PREQUALIFICATION OF CONTRACTORS FOR EDUCATIONAL FACILITIES CONSTRUCTION 8.502

The School Board shall pre-qualify contractors for a one year period or for a specific project in accordance with the following:

I. Criteria
   Contractors shall be pre-qualified on the basis of the following criteria and any additional criteria specific to the project under consideration:

   a. Proof that the contractor holds a contractor's license which authorizes the contractor to supervise work within the scope of the construction project.

   b. Evidence that the applicant has financial resources to start up and follow through on projects and to respond to damages in case of default as shown by written verification of bonding capacity equal to or exceeding the amount of any project for which the contractor seeks prequalification. The written verification must be submitted by a licensed surety company rated excellent ("A-" or better) in the current A.M. Best Guide and qualified to do business within the State. In the absence of such written verification, the Board may require the applicant to submit any audited financial information necessary to evaluate an applicant’s financial ability to perform the project and to respond to damages in the event of default.

   c. Evidence of experience with construction techniques, trade standards, quality workmanship, project scheduling, cost control, management of projects, and building codes for similar or less cost or scope projects of similar size within the past five (5) years.

   d. Evidence of satisfactory resolution of claims filed by or against the contractor asserted on projects of the same or similar size within the five (5) years preceding the submission of the application. Any claim against a contractor shall be deemed to have been satisfactorily resolved if final judgment is rendered in favor of the contractor or any final judgment rendered against the contractor is satisfied within ninety (90) days of the date the judgment becomes final.

   e. Type of work for which the contractor is licensed.

II. Procedures
   The Board shall hold a public hearing to discuss the Board’s intent to pre-qualify contractors and the proposed policies, procedures and rules.
The Board shall publish two (2) notices of the public hearing in a local newspaper having general circulation throughout the district and at least thirty (30) days and again seven (7) days prior to the hearing. The notice shall contain at least the purpose, date, time, and place of the hearing.

It is the policy and procedure of the Board to provide for open competition which shall not prevent the submission of a bid, nor prohibit the consideration of a bid submitted by a prequalified contractor. Those standards which the Board applies when soliciting bids for goods and services generally shall be applied equally to the solicitation of bids from prequalified contractors.

It is the policy of the Board to allow for prequalification of any responsible contractor who, through its submittal to the Board, meets the uniform criteria established by the State Requirements for Educational Facilities and incorporated in Section 1 of this policy whether such contractor is a resident or non-resident of the geographical area served by the Board.

It is the policy of the Board to allow those contractors seeking prequalification to submit all required company financial information separate and apart from the other required submittals, as specifically outlined in the Prequalification Submittals section of the Request for Qualifications, in order to endeavor to protect privileged company information from public disclosure.

The Board shall appoint a Contractor Prequalification Review Committee to review and evaluate the submissions and to make recommendations to the Board as to which contractors should be prequalified to bid for type of project, dollar volume and limits allowed within the scope of the prequalification.

These prequalification procedures shall not supersede any small business, woman-owned, or minority-owned business enterprise preference program adopted by the Board.

Notwithstanding anything contained herein, the Board may reject any proposals which, in the Board’s sole opinion, contain inaccurate information. In addition, the Board shall have the sole discretion to declare a contractor delinquent and to suspend or revoke a prequalification certificate.
CHAPTER 8.00 - AUXILIARY SERVICES

The Board shall receive and either approve or reject each application for prequalification within sixty (60) days after receipt by the Board’s administrator. Approval shall be based on the criteria and procedures established in this policy.

III. Application
Each contractor, firm, or person requesting prequalification shall submit separate applications that include the following:

1. Detailed information on Board prescribed forms setting forth the applicant’s competence, past performance, experience, financial resources, and capability, including a Public Entity Crimes Statement, and references.

2. Audited financial information current within the past twelve (12) months, such as a balance sheet and statement of operations, and bonding capacity. The requirement for financial information may be satisfied by the contractor providing written verification of the contractor’s bonding capacity.

3. General information about the contractor company, its principals, and its history, including state and date of incorporation.

4. Contractor trade categories and information regarding the state and local license and license numbers held by the applicant.

5. A list of projects completed within the past five (5) years, including dates, clients, approximate dollar value, and size.

6. Certificates of insurance confirming current worker’s compensation, public liability and property damage insurance as required by law.

7. A list of all pending litigation and all litigation within the past five (5) years, including an explanation of each. Litigation initiated by the contractor to protect the contractor’s legal rights shall not be used as a basis for rejecting prequalification.

The completed application and financial information shall be attested to and signed by an authorized officer of the company, the owner, or sole proprietor, as appropriate. The signature shall be notarized.

EXCEPTION: When two (2) or more prequalified contractors wish to combine their assets for a specific project, they may do so by filing an
affidavit of joint venture. Such affidavit shall be valid only for that specific project.

IV. Issuance of Certificate. The Board shall issue to all prequalified contractors a certificate valid for one (1) year or for the specific project. That certificate shall include the following:

A statement indicating that the contractor may bid for projects during the time period specified.

A statement establishing the type of work the contractor will be permitted to provide.

A statement establishing the total dollar value of work the contractor will be permitted to have under contract with the Board at any one time as determined by the contractor's bonding capacity or ten (10) times the net quick assets.

A statement establishing the maximum dollar value of each individual project the contractor will be permitted to have under contract with the Board at any one time. The maximum value of each project may be up to twice the value of the largest project previously completed, but shall not exceed the contractor’s bonding capacity or ten (10) times the net quick assets.

The expiration date of the certificate.

V. Renewal of Certificate. Certificates not for a specific project shall be renewed annually.

Financial statements or written verification of bonding capacity on file with the Board shall be updated annually. Failure to submit a new statement or verification of bonding capacity, after at least thirty (30) days written notice by the Board, shall automatically revoke a prequalification certificate.

Prequalified contractors may request a revision of their prequalifications status at any time they believe the dollar volume of work under contract or the size or complexity of the projects should be increased if experience, staff size, staff qualifications, and other pertinent data justify the action.
CHAPTER 8.00 - AUXILIARY SERVICES

VI. Delinquency. The decision to declare a contractor delinquent may only be made by the superintendent and must be ratified by the Board at its next regular meeting following the decision by the superintendent. Should the contractor be determined to be delinquent, after notice and an opportunity for a fair hearing, the Board shall notify the contractor and his surety, in writing, that the contractor is disqualified from bidding work with the Board as long as the delinquent status exists. A delinquent condition may be determined to be in effect when one (1) or more of the following conditions occur without justifiable cause:

1. A substantial or repeated failure to comply with contract documents after written notice of such non-compliance.

2. A substantial or repeated failure to provide supervision and coordination of subcontractor’s work after written notice of such failure.

3. Substantial deviation from project time schedules after written notice of noncompliance.

4. Substantial or repeated failure to pay subcontractor’s after the Board has paid the contractor for the work performed by the subcontractors and in accordance with approved requisitions for payment.

5. Substantial or repeated failure to provide the quality of workmanship compatible with the trades standards for the community after written notice of such failure.

6. Substantial or repeated failure to comply with the warranty requirements of previous contracts after written notice of such failure.

7. Failure to maintain the required insurance coverage after written notice of such failure.

VII. Suspension or Revocation. The Board may, for good cause, suspend a contractor for a specified period of time or revoke the prequalification certificate. Causes for suspension or revocation shall include, but not be limited to, one or more of the following:

A. Inaccurate or misleading statements included in the application.

B. Declared in default by the Board.

C. Adjudged to be bankrupt.
D. Performance, in connection with contract work, becomes unsatisfactory to the Board, based on the Board asserting and recovering liquidated damages in an action against the contractor.

STATE BOARD OF EDUCATION RULE: 6A-2.001

REVISION DATE(S): 6/21/04, 12/19/2005; 8/17/2010
FORMERLY: 4.70
I. The Superintendent when recommending the preliminary school budget, or any amendments thereto relating to capital outlay projects may, after evaluation, recommend to the School Board that suitable projects costing two hundred thousand dollars ($200,000.00) or less be provided on a day labor basis.

II. Parent groups, school staff and civic associations often raise funds to make improvements to various School Board facilities. Such changes are regulated by building codes, Florida State Department of Education rules, School Board rules and Florida Statutes. In addition, these changes often have cost implications on maintenance, energy usage and inhibitions to future site construction. The change or addition always poses questions regarding Board liability for the facilities as any deviation from state regulations would be a factor in a damage suit, if the change in facility was related to a personal injury.

III. When a project is being considered at any existing facility, the following procedures shall be followed:

A. A description of the proposed project, including an approximation of the expected cost, shall be submitted to the school principal for review and approval on the Request for Change(s) to School Board Facility form.

B. Full funding for the design costs, construction and any other related costs must be identified.

C. If the principal is in agreement, he/she shall request approval from the Superintendent to submit the request.

1. If the project requires funding from the District, the Director of Finance must be consulted to determine feasibility and availability of funds.

2. Should a booster club, PTA, or other school affiliated group be supplying the funds, the Superintendent must be informed.

3. All projects must comply with State Board of Education rules.

4. If the project will affect the student capacity of the school, approval of the Superintendent is required.
D. Prior to an installation or construction, a detailed design must be submitted to the facilities supervisor. The content of this request shall include a detailed project description and a statement regarding the method of funding. Plans and/or specifications will be reviewed by the facilities and maintenance departments.

1. Upon completion of the plans and specifications, such must be submitted for review for compliance with State Board of Education Regulations with consideration given to the impact upon the maintenance and energy usage of the facilities and inhibitions to future site construction. A minimum of ten (10) days is required and must be provided for review of plans and specifications, plus time to prepare an agenda item to present to the School Board if judged appropriate by the Superintendent.

2. After approval by the School Board, plans may require submission to the Department of Education for approval which will take approximately two (2) to three (3) months.

3. Upon Department of Education approval, (if required), the project must either be formally advertised and bid, in accordance with State Board of Education rules or a minimum of three (3) sealed proposals must be obtained to ensure compliance with the Construction Documents. The bids must contain a work schedule to facilitate inspections by the reviewing department.

Projects funded by booster clubs, PTA or other school affiliated groups, will also be handled by the respective group during the bid/proposal process. It is recommended proposals be sealed when submitted and opened at a designated time, in the presence of at least the school principal, the president of the parent group, a representative of the purchasing department, facilities department, or maintenance department, and the designing architect/engineer, if applicable.

E. In the event the project cost is expected to exceed ten thousand dollars ($10,000.00), a registered architect/registered professional engineer must be engaged to design, prepare, and “seal” the necessary construction documents in accordance with State Board of Education rules. The project cost shall include all materials and labor, production design fees, reproductions, testing and surveys.
F. All bids or proposals, including work schedules, must then be submitted to the facilities supervisor for review and determination of the low bidder’s compliance with the projects’ contract documents. The project’s originating group must make a recommendation regarding acceptance of the low bidder.

G. When compliance has been established, PTA, booster club, or other school affiliated group will receive written authorization to proceed from the Superintendent.

H. Depending on the scope of work involved, supplemental, periodic inspections may be made by the maintenance department as determined by the facilities supervisor.

I. Upon completion of the work the facilities supervisor must be contacted for final inspection prior to acceptance of the School Board at one of its regularly scheduled meetings.

REVISION DATE(S): FORMERLY:
Computer accessibility has enabled people all over the world to communicate via the Internet. With this access comes the availability of material that may not be considered to be of educational value in the context of the school setting. There may be some material, individual contacts, or communications which are not suitable for school-aged children. The Holmes District School Board views information retrieval from the network in the same capacity as information retrieval from reference materials identified by schools. Specifically, the Holmes District School Board supports those which will enhance the research and inquiry of the learner with directed guidance from faculty and staff. On a global network it is impossible to control all materials, and an industrious user may discover inappropriate information. At school, each student’s access to and use of the network will be under the teacher’s direction and monitored as a regular instructional activity. If the student uses the network outside the sponsoring teacher’s class, the teacher will not be held accountable for inappropriate network use.

The network facilities are to be used in a responsible, efficient, ethical, and legal manner in accordance with the mission of the Holmes District School Board. Failure to adhere to these guidelines may result in the suspending or revoking of the offender’s privilege of access.

This policy will provide guidelines for the Holmes District Schools’ participation in and use of telecommunication services and networks for administrative and instructional purposes. District use of such networks is intended to advance and promote a world class public education in Holmes County for all students. Telecommunication services and networks permit access and exchange of information between and among schools, school offices; and members of the Holmes global community. Collaboration and exchange of information between and among students/teachers/expert resources statewide, nationally, and world-wide; the Florida Department of Education, and other state, national and international educational entities; and electronic bulletin boards are also a part of this service.

I. District participation in any telecommunication services networks shall provide for the following elements:

A. Electronic messaging services, file transfer, and electronic conferencing capabilities to public school and district employees and authorized students;

B. Intuitive, graphical user interfaces;

C. Accessibility for the user via properly equipped microcomputers from a range of vendors;
CHAPTER 8.00 - AUXILIARY SERVICES

D. Opportunities for wider networking (interstate and international) by promoting appropriate access and use of full Internet and other telecommunication services where economically feasible;

II. All use of telecommunication services and networks shall be consistent with the mission, goals, policies, and priorities of the school district. Successful participation in a network requires that its users regard it as a shared resource and that members conduct themselves in a responsible, ethical, and legal manner while using the network.

A. Holmes County Schools' accounts shall be used only by the authorized users of the accounts for the purposes specified. Misuse shall result in the removal of participant access rights and authorization. Authorized users shall be ultimately responsible for all activity under their account and password.

B. Any use of telecommunications services or networking for illegal, inappropriate, or obscene purposes, or in support of such activities, shall be prohibited. Illegal activities shall be defined as a violation of local, state, and/or federal laws. Inappropriate use shall be defined as a violation of the intended use of the district's mission, goals, policies or procedures. Obscene activities shall be defined as a violation of generally accepted social standards for use of a publicly owned and operated communication vehicle.

C. Any use of telecommunications services or network for commercial purposes, product advertisement or political lobbying shall be prohibited.

D. No use of telecommunications services or networks shall serve to disrupt the use of the network by other users.

E. Unlimited and open-ended use of the telecommunications services or networks in terms of access time cannot be accommodated inasmuch as supportive financial resources remain finite. Users shall exercise prudence and "fairness" in the shared use of limited resources.

F. All communications and information accessible via the telecommunications services or networks shall be assumed to be private property. No guarantee can be made for the privacy of any communication on the network; however, authorized system administrators may access private correspondence and files if a user is believed to be in violation of this policy.
H. All network users shall adhere to the rules of copyright regarding software, information and the attribution of authorship. Reposting personal communications without the author’s permission or bulletin board messages without proper attribution shall also be prohibited.

I. All members of the Holmes County Schools community shall be granted free and equal access to as many network services as school resources and availability of technology may permit.

J. To the extent reasonably possible, users of school sponsored telecommunications services and networks shall be protected from harassment or unsafe, unwanted or unsolicited contact. Users shall be made aware, and shall acknowledge their awareness that the designers of the network cannot eliminate, or in some cases properly restrict the possibility of unwanted access to users. Nor can users be completely prevented from accessing services or information that is offensive to or inappropriate for certain groups of users. Individual users must be responsible for their own access and conduct in using telecommunications services and networks. This responsibility and accountability for such conduct will be clarified through the access authorization forms and training.

K. Public school student use of the telecommunications services or networks through school equipment or authorization shall be properly supervised and shall require prior written approval from parents/guardians.

III. The superintendent or his/her designee shall be responsible for authorizing use of telecommunications services or networks in accordance with this policy.

L. Specific procedures for school and district individual staff, student or parent use of telecommunication services and networks shall be developed and periodically reviewed for effectiveness at the district level.

M. Each school or site administrator shall designate a person responsible for distributing access forms, authorizing access and maintaining all appropriate documentation.
